The proposed tax would be two mills and would raise about \$12,000, it was estimated. Members of the council discussed the petition and favored the idea of a municipal band. The matter was referred to the judiciary committee and it was voted that the proposal be placed on the ballot, if possible. Some doubt was expressed concerning the length of time before an election that a petition must be filed in order to be placed upon the ballot. The judiciary committee is investigating the legal aspect of the proposal.

He spoke Tuesday evening to the Parent-Teacher association of the Winnetka schools, on "Curriculum Development in the Social Sciences." He told the ideals back of the scientific investigations, which have led to the development of the Rugg pamphlet for the seventh, eighth and ninth grades.
