\$16.50

How Can the Price Be So Low?

WHY does the Exide batteries cost no more than the ordinary batteries? Here is the answer: Exide was the pioneer auto battery, high quality brought demand, and that meant big production and the economies of manufacture that go with it. Exide is the economical battery to buy because the price is low and the length of service is exceptionally long.

THE price displayed above is for a 13-plate Exide. There are Exide batteries for every car, some costing more than \$16.50 and some costing less.

IN RECITAL THURSDAY

Edward Johnson, Metropolitan Tenor, Artist on Music Club Program

Edward Johnson, famous Metropolitan opera tenor, will appear at the next of the Artist-Recital series, sponsored by the Winnetka Music club. This recital to be held next Thursday evening, March 18, at New Trier High school auditorium, is the final program of the season. Mr. Johnson, who has won rare favor both in America and in Europe, was scheduled to start the season of recital last October, but was unable to be present because of illness and was replaced at that time by Margaret Matzenauer.

The program for next Thursday evening is to be as follows:

- I.
Ah! no, s'io vivo ancora (Recit. and Aria—"La Vestale") Spontini (1774-1851)
Vergin tutto amor (Preghiera) Durante (1684-1755)
