Sunday Club News

By H. H.

No, men are not descended from monkeys! Did you think they were? At the Sunday Evening club last week Mr. Graeme Canning showed how this popular conception of evolution was a misinterpretation of the Darwinian theory. He explained that, according to the modern evolutionary theory, all life has evolved from life in its simplest form and that men and apes are descendants of a common ancestor.

He described many interesting archeological discoveries which seem to verify this theory. Mr. Canning, also brought out the fact that belief in evolution need in no way conflict with belief in God as the creator of the world. At next week's meeting of the club there will be a musical program which promises to be unusually fine. Three north shore musicians have been asked to take part. Miss Nina Babcock, music instructor at the North Shore Country Day School and Miss Pauline Manchester of Glencoe will each play several piano compositions and Miss Katherine Hamilton of Winnetka will give two groups of violin numbers. All who are interested are urged to be present. Supper will be served at 6:30 o'clock in the evening in the Camp Fire room.

On Sunday, March 21, Miss Laura Ullrich, instructor in history at New Trier High school, will speak on the subject "The United States' Policy in the Caribbean."

GROUP MEETS MONDAY

The North End Branch of Friends of Chicago Junior school for boys will hold its regular monthly meeting at the Sovereign hotel Monday, March 15, Arthur M. Millard presiding. A program will be given by Miss Cordelia Schellinger, pianist, and Mrs. William deWindt, mezzo-contralto.

Paul Hutchinson to Speak Before Woman's Society

(Continued)

Paul Hutchinson, of Winnetka, author of "China's Real Revolution," "The Next Step," "The Spread of Christianity," and of various articles in the Atlantic Monthly, is not a prophet without honor to his own country. He is widely known by his writing, by his management of The Christian Century, one of the outstanding religious weeklies of the day, and is a member of the "Institute of Pacific Relations" (organized on the plan of the Williamstown Institute of Political Science. This position, more than any other, makes him pre-eminently fitted to speak on "Inter-racial Problems of the Pacific Basin."

This subject he will discuss Wednesday, March 17, at 1 o'clock, in Matz hall, at Community House. He speaks under the auspices of The World Friendship Committee of the Congregational Woman's society. In the morning the committee has secured Prof. Floyd Black of Robert college, Constantinople. Professor Black has just been elected president of the American School of Sofia, Bulgaria. Professor Black is especially well acquainted with the political educational and religious history of both Turkey and Bulgaria. Two such men in one day is a wonderful achievement. Come and be sure to bring a friend who will enjoy this privilege.

Candidates Give Views at Schmidt Booster Session

The Oscar W. Schmidt Booster club held a very successful meeting Tuesday evening at Forester hall, Ridge avenue, Wilmette, it is announced. There were more than 200 people present to hear the candidates upholding the "Home Rule" ticket in the coming Primary election, April 13.

Talks were given by the following candidates: John H. Passmore for criminal court clerk; Gene Oliver, for the board of assessors; Arthur A. Huebsch, for state senator; Mr. Popper, for state representative; Frank J. Kriz and Oscar W. Schmidt of Wilmette, for county commissioners. Robert James of Evanston represented Ernest Guyton of Evanston and John Jaranowski, of Calumet City, also running for county commissioner.

Other meetings are being arranged for the near future, it was announced.

Give Alumnae Luncheon in College's New Home

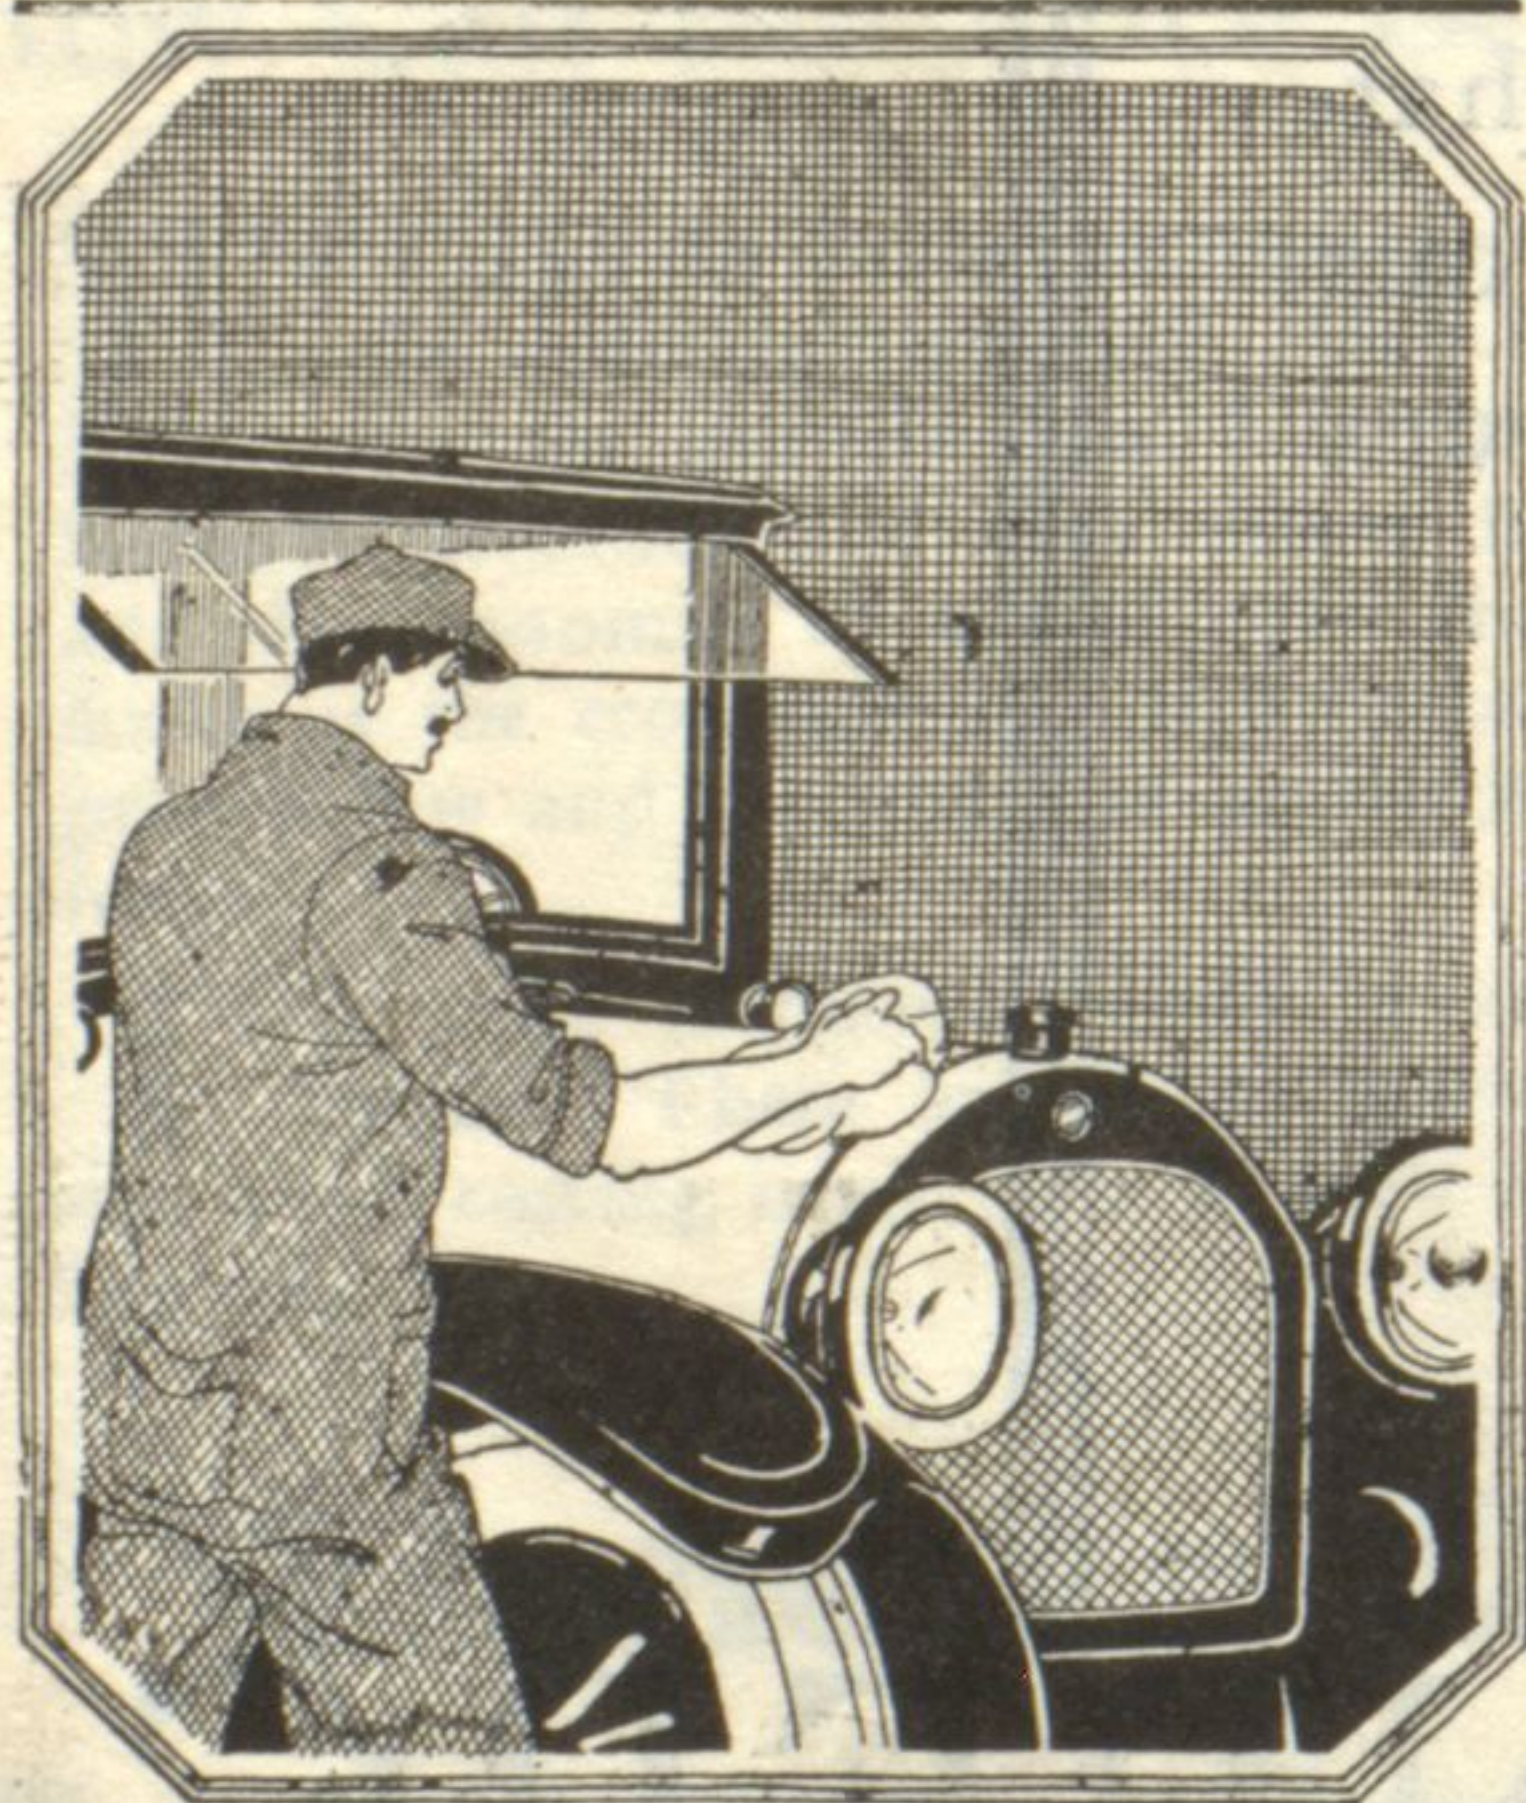

The first alumnae gathering to be held in the new home of the National Kindergarten and Elementary college will be a luncheon for members of the North Shore chapter of the Alumnae association on Saturday, March 13, at 12 o'clock.

All alumnae of the college are cordially invited to attend the luncheon, and an opportunity will be provided during the afternoon for a tour of inspection of the College building, Harrison hall, under the leadership of Miss Edna Dean Baker.

Blaze Built to Thaw Ground Causes Damage

Fire caused by attempts to thaw the ground in the basement of a new home under construction at Chestnut st. and Sunset road last Wednesday damaged the building to the extent of approximately \$500. Workmen had built a fire on the basement floor, but the blaze got beyond their control and set fire to the house, which is owned by A. J. Mitchell. Prompt work on the part of the fire department prevented a more extensive loss.

That Car of Yours Needs

"The Home of the Well Groomed Car"

a good thorough washing every
so often and—this is the place
to have it done.

Our New Washing Machine

removes all dirt and grease,
therefore, you should remove
all doubts as to whether or not
we can wash your car clean.

Not one speck of dirt will be
left anywhere on the car when
we are through.
