## Smart Suits With 2 Trousers

In the Newest Styles and Patterns  
for Particular Men and Young Men

**\$35 and \$50**

**WE ARE** introducing to Evanston a distinctly new note in modern merchandising. This Store, because of its tremendous volume, enjoys an unequalled purchasing power. We have planned with great care the styles, the patterns and values to be presented in this new store. We have made our manufacturers shade their costs materially so that we could present to you the finest clothes at these two prices that have ever been offered in Evanston.

We want Saturday to be a big day. You can hardly appreciate how well we have done our part in making it attractive to you unless you inspect this beautiful selection of Suits. Every one has two pairs of trousers.

**YOU CAN BUY THESE SUITS ON THE  
Lytton Budget Buying Plan**  
with a payment of \$10—the balance in ten weeks

*Store Open Tuesday, Thursday and Saturday Evenings*
