

An Invitation!

Let us take care of your needs in
Anthracite Coal

We also have a stock of fresh mined
BLUE RIDGE SMOKELESS

**This fuel comes in the LUMP,
EGG, NUT and MINE RUN**

An exceptionally High Grade West Virginia Smokeless Coal which, owing to low volatile and low ash content, will give its users absolute satisfaction. Its cost is no more than the cost of inferior fuel.

Ideal for high or low pressure steam plants, furnaces or hot water heating plants.

A trial order will convince you.

We are distributors of the famous
SUNRAY EGG
"IT'S HOT"

A fuel which is ideal for hot air furnaces, hot water heaters and hot water heating plants. A high class coal reasonably priced, unusually economical by reason of its high heat and low ash content.
