### New Trier Grid Men Will Box to Keep in Training

New Trier football men will keep in training during the spring months by boxing, it was announced by Coach Walter Aschenbach this week. For the purpose of providing training for the men who are going out for the team next fall two boxing classes have been organized, one for the heavier boys, and those who are experienced boxers, and one for the novices and the light-weights. The classes will meet two days a week. All boys in the school are eligible to join these classes if they wish, it has been announced. Coach Aschenbach expects a great deal of interest in the boxing aside from its value as a means of keeping in training for the football season.

### Offer Free Tour for Boy and Girl Farmers

The Chicago and North Western railway has announced its intention to support the Boys' and Girls' club work which has for a number of years past been such a prominent factor in improving farming and stock raising methods throughout the country.

This year the Chicago and North Western railway will give as prizes 100 free trips to the Annual Life Stock Show at Chicago. These prizes (one for each of the counties traversed by that railway) will be awarded to the boy or girl in each county who in the judgment of the local agricultural authorities has done most during the year to advance the cause of scientific farming and stock raising. These trips in the past have been of great value to the fortunate winners, enabling them to visit not only the Live Stock Show with its multitude of educational features, but also one of the world's great cities.
