

Indian Hillers to Hear Famous Radio Funsters

Pat Barnes, general announcer of radio station WHT, the Wrigley building, Chicago, and his faithful confrere, Al Carney, organist de luxe, will conduct a galaxy of radio talent to the New Trier auditorium Monday evening, April 5, for entertainment purposes in the interest of the Indian Hill Improvement association.

This frolic of music and fun promises to be the outstanding entertainment feature offered by the Indian Hill association to date this season, and a large turnout of members—there are upward of 500—is confidently expected.

In addition to the social side of the program, the members will be invited to hear a Winnetka Park district official give some interesting data regarding facilities at the Elder lane beach in the approaching summer season. There will be a discussion on this matter with every member having a voice, it is explained.

Mrs. R. H. Hobart and her daughter, Miss Barbara, 660 Prospect street, Winnetka, have been stopping at The Manor, Asheville, N. C.

Village Workmen Battle Against Two-Day Storm

Operating a motor-driven snow plow for the first time since 1920, the Village department of public works men sought to cope with the heavy snow fall last Tuesday and Wednesday. All the equipment available was put to work keeping the streets and sidewalks from being entirely blocked by the heavy snow and the huge drifts. The motor-driven plow was operated all night Tuesday and most of Wednesday keeping Sheridan road and some of the other principal thoroughfares of the village open to traffic, and a large force of men was employed to dig out the business district as much as possible.
