

ELCAR announces a new "8-in-Line"

FIVE to twenty-five miles an hour in six seconds flat! Leadership when the traffic signal flashes "Go!" Ten to sixty miles an hour in twenty-two seconds flat! Around the fellow ahead and away in a flash. Seventy miles an hour when you need it. Hour after hour at fifty to sixty miles an hour, smoothly, silently, safely, when there's distance to cover. The sensitive strength of a Lycoming Eight-in-Line motor. The perfect fuel distribution and control of the complete Swan System, carburetor

and manifold (exclusive with ELCAR) with simple dash adjustment of mixture for all driving conditions; fifteen to sixteen miles per gallon of gasoline. Bowen "Instant" chassis lubrication. Four wheel brakes. Balloon tires. One-hundred-and-twenty-seven to one-hundred-and-thirty-two inch wheel-base. New—Startlingly new—body designs. Two-tone Murcote finishes. Unequalled prices. ELCAR announces a new Eight-in-Line.
