

**Ready—Promptly  
As Promised!**

We make a point never to disappoint you. When you bring your car to us for service, we will have it ready for you when promised.

And the work! Your car will be in a perfect running order. Our mechanics will see to it, that your car will run as "sweet" as ever.

**Community Players to Have  
Social Evening April 14**

Wednesday, April 14, the members of the Community Players group, to the number of 300, are invited for a social evening. There will be a short play, "For Distinguished Service" given by some of the new members, some music to cheer the hearts of all, and an opportunity to become acquainted and realize the capacities, possibilities, and personality of the growing group known as The Community Players; the group from which the actors, stage crews, property managers, publicity writers, etc. are all drawn; the group which backs and makes possible the Community Drama Club of Winnetka; the members of which are also believers in "Olympians in Homespun", as portrayed in a recent Atlantic Monthly.

**WILL VISIT WORLD'S  
GREATEST CITY FIRST**

**New Trier Boys Will Spend Three  
Days Seeing the Sights of  
London Town**

When the S. S. President Roosevelt sails from New York next June 30, three New Trier high school boys will be aboard her, bound for a wonderful vacation in Europe. This vacation will not cost them a cent, and the entire trip will occupy 33 days. The exact details of the trip are as yet a secret, but they will be announced next week in this paper.

The S. S. Roosevelt is a sister ship of the President Harding. These swift ships are of the "535" type, 535 feet from bow to stern and of 14,127 gross tonnage. They have unsurpassed stateroom accommodations, unusually pleasant social rooms, spacious promenade decks and ample deck space for sports and exercise. Golf and tennis, keeping pace with our modern youth, have been adapted to the deck space, and are fast taking the place of the old shuffleboard. All sorts of apparatus is furnished for the enjoyment of the passengers.

**Have Excellent Cuisine**

The main dining room with the exquisite good taste of the decorations, calls to mind an exclusive metropolitan restaurant rather than a speeding liner. One day on deck where the brisk salt air of the sea sweeps through the nostrils and permeates the whole being makes one look forward to the dinner hour, and the same high standards of cuisine and service that characterize all the ships of this line are vigorously upheld on the President ships.

Pleasant staterooms, social halls where dances, concerts and other social functions are held, smoking rooms and writing rooms assure the traveller every comfort and make the voyage a round of never ending enjoyment.

**Visit London First**

The ship will arrive at Plymouth on July 8, and then a continuous round of fun and sightseeing begins. The next three days will be spent seeing London, the world's greatest city. There will be motor trips to many places of historic interest, including the Tower, St. Paul's cathedral, Westminster Abbey, Buckingham Palace, Guildhall, Mansion House, Bank of England, London Bridge, the British Museum, the National Gallery, the Tate Gallery and many other places.

This will make the finest vacation trip a young man could have. It will be the experience of a life time. And one boy from Wilmette, one from Winnetka and one from Glencoe will make the trip. We can't tell you any more than that just now.

**Fathers and Sons Have  
Night at Masonic Lodge**

Fathers' and Sons' night at Winnetka Masonic lodge, April 3, was a most enjoyable affair in which local members of the fraternity were joined by many visitors from sister lodges. The Third degree was conferred on four candidates at the afternoon session, at the conclusion of which a fine Easter repast was served in the dining room. At the evening session, when the Master Mason degree was conferred by a father upon his son, an invitation was extended to the fathers and their sons to occupy seats in the East, to which nine proud parents with their sons responded and were formally presented. Stephen F. Roche, district deputy, was among the visitors and assisted in the work.
