

A State Bank

## The Spirit of Service

**S**ERVICE is a great word. Great in its simplicity. Constant and careless use has somewhat clouded its true meaning.

Service—at this Bank—means the capacity and desire to co-operate with customers. It means that we are able and willing to join our resources and experience with yours—for mutual benefit.

That is our idea of the Spirit of Service. Is it yours, too? Then we'd value your acquaintance.

## LEE Says:

ALONG about this time OF year lots of people CONTRACT the "spring FEVER," otherwise KNOWN as "that tired FEELING", and we've ALREADY met a number OF the victims here IN our store— FIRST symptom you NOTICE is prolonged YAWNING, coupled with a DESIRE to stretch and TO look out of the WINDOW—arms dangle LIMPLY and the mind REFUSES to think— AMBISH all gone! IF those are your SYMPTOMS, you need a GOOD spring tonic and THAT naturally suggests PEPTONE, a tonic THAT tones up the SYSTEM, gives you a GOOD appetite, and REBUILDS your run-down NERVES—we recommend it VERY highly.
