"Troubadors" Are a Credit to North Shore, Says Critic

(Contributed)

When 34 young men of our community can band themselves together to: "promote the spirit that promotes the song," we should feel justly proud of being of the community that stimulates such a spirit.

One night several months ago in Dr. T. Lyngholm's office in Hubbard Woods several fellows who liked to sing met to discuss the possibility of finding enough young men along the north shore with like tastes to form a club. They found them and we introduce them to you today.

The success of the Troubadors is now assured. Mr. John Gunn of Hubbard Woods, formerly of the wide open spaces of Nebraska is doing with this group of young men what most of them believed was the impossible, but Mr. Gunn has trained other glee clubs and choruses. He is enthusiastic about our boys! He says that the very fact that the boys are in the organization with only the incentive of enjoying the sound of their voices and the pleasure that song and harmony bring to them is prima facie evidence that they are here to stay. They are contributing something worthwhile to the community and should be encouraged.

IS LUNCHEON HOSTESS

Mrs. Frank Neubacher of 792 Walden road was hostess to 24 friends at luncheon and bridge Tuesday. The guest of honor was Mrs. Lincoln Pacey of Ash street who is leaving the village May 1, to take up her new residence at Sturgeon Bay, Wis. Shades of lavender and yellow prevailed in the selection of flowers and appointments. A number of out of town guests were present.

Red Cross Offers Course in Home Hygiene, Nursing

Teaching that it is easier to prevent sickness than to cure it is the purpose of the Red Cross course in Home Hygiene and Care of the Sick as given in schools and in women's and girls' clubs. This instruction is given by public health nurses, public school nurses and other qualified Red Cross instructors and has proved an important factor in promoting better health. The local chapter of the Red Cross supervises the work, supplies the equipment and issues certificates upon the completion of the course.

Boys, as well as girls, are often enrolled in this course. This year it has been given in the parochial schools to pupils of the seventh and eighth grades. More than 4,000 children have earned the certificates awarded jointly by the American National Red Cross and the Bureau of Child Welfare, Department of Health, Chicago.

Any group desiring to form a class in Home Hygiene and Care of the Sick may arrange for it through Miss Estelle R. Weltman, R. N., director of the Home Hygiene department, American Red Cross, 616 South Michigan avenue, Chicago, it is announced.

CIRCLE MEETS MONDAY

The Walden Road circle will meet at the home of Mrs. Harold Hill, 801 Walden road, Monday, April 26, at 2:30 o'clock. Mrs. Charles Burkhardt of Asbury avenue will sing two groups of songs, accompanied by Mrs. George Orr, and Mrs. Howard Shaw will play several piano selections.

Mrs. Nels Nelson of Orchard lane has returned from the St. Francis hospital. She is still in a rather serious condition.

Better Homes Must Have Better Pictures

Artistic portraits of family groups add to the charm of the home and bind closer the family ties—Toloff portraits are treasured in better homes everywhere on the North Shore.
