

Calls Trees Finest Heritage of Mankind

"Trees are mankind's finest heritage," is the opening sentence in the ten-page booklet with finely illustrated cover which Thomas J. Lynch, the tree specialist at 564 Lincoln avenue, Winnetka, now has ready for distribution. Mr. Lynch, after eleven years in this business on the north shore, speaks with authority on all he has to say in his new book.

The north shore is famed far and near for its beautiful trees. Each year the appreciation of this valuable asset

of this section becomes more and more pronounced, and the experienced advice upon the care of trees and shrubs which Mr. Lynch has set forth in his book, is expected to prove most valuable.

IN VOTERS' BOOTH

Mrs. Gross Williams, Mrs. Ralph Childs, Mrs. Theodore Coyne, Mrs. Samuel McCaulley, and Mrs. W. P. Heyn acted as hostesses for the Winnetka League of Voters at the Women Voters' booth at the Woman's World's Fair, Monday.

Council Approves Plea to Pave Garland Court

At the council meeting held last Tuesday evening the petition by property owners to pave Garland court by private contract was approved. Garland court is a short street extending from Sheridan road west to Maple avenue. The proposed improvement would be an 18 foot concrete pavement, in accordance with plans and specifications drawn up by the village engineer and would be constructed under supervision by the village.

ON NEW YORK WORLD

Mr. and Mrs. Harry Hansen of 260 Fairview road, are moving to New York where Mr. Hansen has taken a position with the New York World. Mr. Hansen who has been connected with the Chicago Daily News for the past 15 years, is leaving on May 1, and Mrs. Hansen and their two children will follow later.

Mr. and Mrs. William Brand of 574 Lincoln avenue are moving into their new home, formerly owned by Dr. J. M. Garner, at 585 Lincoln avenue, on May 1.

Know the Truth about OIL HEAT

This Book is FREE!

No more mystery — no more half truths — no more technical and engineering "patter" which few homeowners understand!

This new book sweeps aside all these, and deals with oil heat as you would like to know it in your home, and nothing else. It digs out the truths about cost of operation, supply of oil, cleanliness, dependability, and gives them to you so simply that all who read will quickly gain new understanding of oil heat.

HEATING HOMES WITH OIL is not intended for the idle curious—but rather for those who are sick and tired of vexatious, uneven temperature. Who really want the comforts only oil heat can bring.

No family that has experienced the dire effects of coal strikes, temperamental coal fires, or low gas pressure should go another day without knowing what oil heat means to health, to freedom from care, to solid comfort. You owe it to yourself and family to at least consider these facts. Just send the coupon shown below and the next mail will bring it to you. No cost—no obligation at all!

As authorized dealers for Oil-O-Matic in this city, we offer you the services of graduates of the Williams Institute of Heat Research. Let us examine your heating plant and give you the complete cost of a guaranteed installation.

This Coupon Brings It FREE!
