THIRD in the World

-and Sales still mounting

During the first three months of 1926 Dodge Brothers, Inc., built and sold more motor vehicles than any other manufacturer in the world, except Ford and Chevrolet.

71,189 retail deliveries were made by Dodge Brothers Dealers in the United States and Canada between January second and April third. This represents a gain of 37 per cent over the same period last year and 69 per cent over the first quarter of 1924!

Third largest in the world! And sales CONTINUING to mount week after week to new record breaking levels.

In fact, during the week ending April 24th retail sales reached the remarkable total of 9,566—the greatest single week in Dodge Brothers history!

These figures are all the more significant when you realize that the gain of the industry as a whole over last year is only 12 per cent.

There could be no more convincing evidence that today's product is regarded as better than ever before and that the present prices make it the most impressive value Dodge Brothers have ever offered.
