

THE SILVER FOX INDUSTRY

*Is on an Established Commercial Basis Recognized
by Governments of All Countries*

We Ranch for You

It is unnecessary for one to be a farmer to share in the large profits from the yearly production of the Silver Black Fox. We ranch your foxes for you—insure them with full coverage against theft, escape or death—and the purchaser, as an investor, gets his returns annually from young foxes born. Invariably the individual who purchases a pair of Silver Foxes finds that the return in real money exceeds the amount earned from his regular vocation in a short time.

THIS IS A PROVEN BUSINESS IN WHICH YOUR SUCCESS AND YEARLY INCOME ARE GUARANTEED BY NATURE.

Foxes can be purchased at very reasonable prices and on liberal terms.

Silver Black Foxes reproduce themselves annually from 50 to 500 per cent. The pups mature at ten months and breed when one year old.

We will show what it means to make money without the least interference with your regular vocation.
