

Check Petitions to Determine Who Owns West Strip

It is still undecided whether a narrow strip lying just east of the North Shore line's new Skokie Valley line and between Lake avenue and the southern boundary of Wilmette, is officially in Wilmette or Glenview.

The overlapping of this particular section in the annexation elections recently, is a matter in the two villages which will probably have to be decided in the courts. Both villages have filed their reports with the county recorder, a procedure which, it is claimed, Glenview executed a few hours prior to Wilmette. However, the time of filing, it is said, will not determine the final status of the affair, but rather, the number of petitioners in the district affected, which each village had secured.

Wilmette had a majority of the residents in the district which it annexed, but there is contention as to whether the majority of residents in the narrow strip now claimed by both villages, favored annexation to Wilmette or Glenview.

This is one of the points, it is said, that will have to be definitely determined, and which, with other proceedings, will be according to court directions.

Music Director Visits Country Day Students

On Monday and Tuesday Thomas W. Surette, director of music at the North Shore Country Day school and consultant in music for numerous educational institutions in the East, paid a visit to the school. In the morning exercises on Monday, various scenes from the Gilbert and Sullivan opera, "Iolanthe," recently given by the school with marked success were sung, during his stay.
