

“REGRET” FURNITURE

*Is There any “Regret”
Furniture in Your Home?*

If you bought the right kind of furniture in the first place, then you will not be much interested in this ad. However, if you did *not* buy the right kind—the kind that lasts, always looks well and always pleases—then you will be interested to again hear of our Exchange Plan.

Any used, or uncomfortable, or no-longer-desired furniture you may now own you can trade in as part payment on new furniture that **WILL** be the right kind, and that **WILL** please you.

We repair and re-finish this used furniture, and sell it in our Exchange Department, which is a business entirely separate and distinct from our new stocks.

*Ask our salesman for particulars
or use the phone if you prefer*
