

“As Ye Sow So Ye Shall Reap”

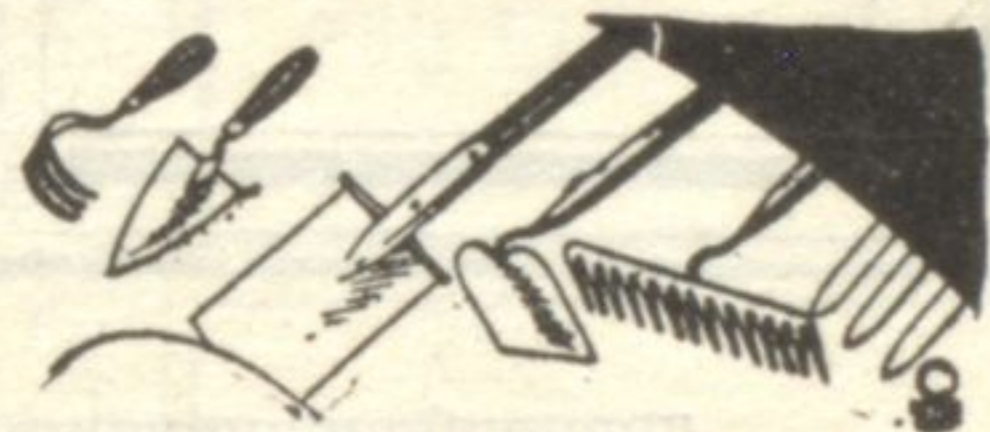

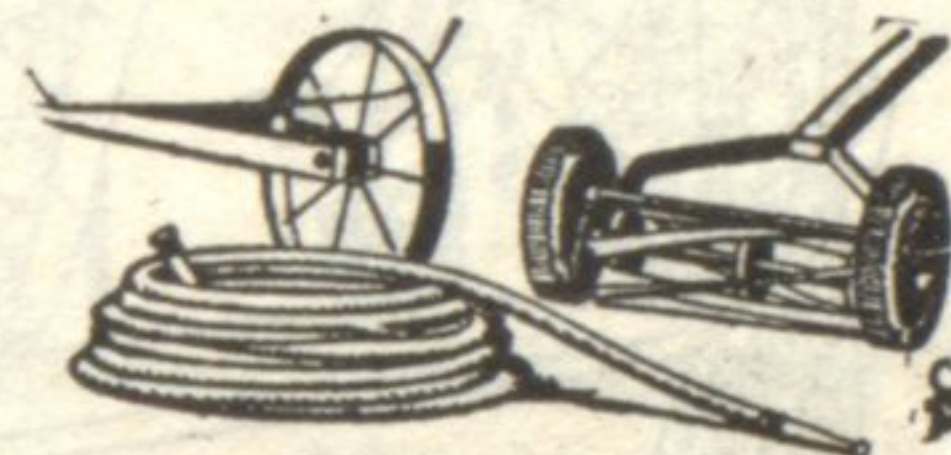

This familiar truism holds as absolute fact applied to gardening.

Will you be rewarded by a rich yield of nutritious vegetables and beautiful flowers when the summer harvest is at hand? Or will a crop of stunted tubers and undergrown plants prove your investment wasted?

High quality SEEDS, carefully selected, will insure your garden a plentiful harvest of luscious vegetables and beautiful flowers.

And the Tools to Care for Them

All gardens need certain special tools to care for them and cultivate the soil so that they may have as many advantages as possible in their growing. Our list includes these special tools of all kinds and descriptions.

They are of the best quality and workmanship and eliminate most of the back breaking work some gardens cause.

If your mower needs attention, let us attend to it.

And the Food They All Like

Included in this assortment are such well known plant foods as Swift & Co's. VIGORO and Armour's Bone Meal. All plants and growing things welcome such good aids to their existence.
