

THE WEEK'S REAL ESTATE NEWS TOLD IN BRIEF

DO YOU NEED A GARAGE ?

Those we build have two essential qualifications—they are substantial and at the same time in character with their surroundings. We have scores of plans from which you can choose yours, while our financing plan makes it possible for you to handle it in small monthly payments. Some of these garages can be built for as little as \$245. Should you wish to build it yourself, we will furnish the materials on a time payment basis.

R. M. Jaeger Home From Winter Stay in Florida Field

Mr. and Mrs. R. M. Jaeger and Mrs. Jaeger's mother, Mrs. A. W. Hobert, have returned from Florida, where they have spent the winter, to their home at 517 Hawthorne lane, Winnetka.

While in Florida they made their headquarters in Orlando and Winter Park, making numerous visits to East and West coast points as well as interior sections.

Mr. Jaeger has resumed his former connection with Frederick B. Thomas and company, north shore real estate operators.

Stults Realty Expands Insurance Department

The Insurance department of E. E. Stults Realty company operating under the name of Elmer E. Stults announces the expansion of that department to include the writing of all lines of insurance.

This department will be under the complete management of Lewis E. Oehring, who is thoroughly qualified to give authentic counsel and advice on all your insurance problems, it is explained.

Mrs. Ferdinand Wolter, Jr., 1377 Scott avenue, will be the hostess on Friday, May 21, for a benefit bridge sponsored by the Winnetka chapter, Order of Eastern Star.

Florida Climate Suits Her Great for Wintertime

Miss E. Hazlett, of 806 Forest avenue, Evanston, and who for a number of years was associated with Hill and Stone in the real estate business at 404 Linden avenue, Wilmette, has returned from Pensacola, Fla., where she spent the past five months. Miss Hazlett says she never again expects to spend a winter in the cold, cold north, so delightful did her sojourn in the sunny south prove.

Florida, she says, is going right ahead in its development, although greatly slowed down from what it was a year ago and on a more normal and really more desirable basis. She also told of the more recent interest, which in some cases merges into real excitement, over the discovery of oil, in sections of the state. The largest development companies in the oil business are in the field, she says, and there is wild speculation as to what the outcome of the find will be.

While Miss Hazlett is very fond of Florida, and may return there next winter, she says it is not at all improbable that she may spend next winter in California. That state, she says, is thought by many to be in line for a renewal of real estate activity the coming winter, and it will be either Florida or California for her, she says, before the snow flies.
