Save Money— Buy Now

The prices of all sizes of Chicago Solvay Coke have dropped to the low summer level, so that you can save money by storing your next winter's clean, sootless, smokeless fuel in your own fuel bin where storage costs you nothing. Prices will rise month by month until fall. *Save money—buy now.*

No matter what conditions may be next winter, you will insure yourself a supply of Chicago's Standard fuel if you fill your bin now at these low summer prices. The prices of all sizes for your hot air furnace, hot water boiler or stove are reduced. Call your dealer.

Utility Company Aids College Men to Apply Learning

"Unless men from our colleges are suitably placed in industry following completion of their training courses—unless they are given opportunity to bring into play the schooling they have received—then our educational institutions' purpose has not been fully served," said Britton I. Budd, president of the Public Service Company of Northern Illinois, in an address delivered recently at the University of Illinois Conference on Collegiate Education for Business.

"The most critical period in a university-trained man's life extends from the day of his graduation to that time when he feels satisfied in his own mind that he is making progress along his chosen line. During this period of uncertainty the graduate may experience serious misgivings concerning the value of his university training; he may wonder whether or not he has connected with the right industry.

Definite Program Necessary

"In the Public Service Company of Northern Illinois, and other companies with which I am connected," continued Mr. Budd, "a definite plan is followed for guiding the progress of such college graduates as enter our employ. It is the belief of those responsible for this plan that a systematic training period immediately following employment, is essential to the gaining of a general insight into the functioning of the company's various departments.

"A similar system is in effect," he added, "for men entering our employ from other sources than colleges and universities.

North Shore Girl Will Have Part in May Fete

Miss Mary Hill of Winnetka, a student at Carleton college, Northfield, Minn., has been selected as one of the dancers in the annual Carleton May Fete which will be presented Saturday, May 22, this year. Miss Hill, who will participate in the Indian dance, won her position in the competitive try-outs which were held recently.

Starting in 1909 with the simple ceremony of the crowning of the May Queen, the annual Carleton May Fete has become a traditional production which yearly attracts thousands of people. Staged in a natural outdoor amphitheater by the shores of the Lyman Memorial Lakes it now ranks among the best aesthetic accomplishments in the country, and is the result of weeks of painstaking care in the matters of costuming and music.

High School Girls in Inter-Class Contest

The girls of the High school of the North Shore Country Day school held on Tuesday and Wednesday the first of a series of inter-class track meets preparatory to field day. The events contested were as follows

Fifty-yard dash, basketball throw, target throw, running high jump, running broad jump, standing broad jump, hop, step and jump, javelin throw and long distance run.

Of these, the last two have been introduced this year. The long distance, as at present contested, comprises two turns about the school campus.

Gives Last of Series of Junior School Readings

Mrs. A. J. Balaban of Euclid avenue opened her home again Tuesday, May 4, for the last in a series of dramatic readings and musicales by Sara Biala, an artist from New York. Madam Biala rendered an interpretive reading of "Dybbuk" now being played at the Great Northern theatre. Miss Marian Coryell of Indian Hill played a group of her own compositions preceding the reading.

This series has been sponsored by a group of north shore women as a benefit for the Chicago Junior School for Boys, at Elgin. Mrs. Balaban is a member of the advisory board.

Miss Von Hofsten, daughter of Mr. and Mrs. Hugo Von Hofsten of 773 Prespect avenue, representing the Swedish Art society, will be among those who will pour at the tea which the Antiquarian society of the Art institute gave Thursday, May 6. An exhibit of early American furniture and objects d'art was held during the tea hours.
