Bishop Edwin Holt Hughes, head of the Chicago area of the Methodist church, who resides at 941 Sheridan road, Wilmette and is closely identified with local denominational activities, was the guest Thursday with Mrs. Hughes of President Coolidge and Mrs. Coolidge at the White House in Washington.

The two were in the capital city for the meeting of the Board of Methodist Bishops, and the local dignitary preached Sunday morning at the Congregational church attended by President Coolidge. The latter received members of the board in informal reception at the executive mansion.

MORE than 100,000 persons last year enjoyed the good food that is served in North Shore Line dining cars operating at all meal times on 12 trains daily.

HAVE you ever noticed the North Shore Line track walkers at work? They are the "eyes" of the right of way. Twice every day each track walker covers his seven-mile section of track to see that bolts, rails, spikes and switches are in perfect condition. They are an important link in the North Shore Line's remarkable system of safety.

THOSE luxurious plush and mahogany chairs in our parlor-observation cars are made by one of America's best-known manufacturers of upholstered furniture. They were selected after exhaustive tests to find a chair that would give our patrons utmost

comfort. They cost us \$86 apiece in wholesale quantities.

HOW long since you have visited beautiful Northwestern University campus and Patten Gymnasium at Evanston, home city of Vice President Dawes?

GENERAL Pershing, following a trip in a North Shore Line motor coach, said, "It was the finest trip I ever had in a motor vehicle" ... Transportation by North Shore Line motor coach is a fine convenience in areas where the tracks of this high-speed electrically-operated railroad do not go.

WRITE and tell us how you think we can better our service. Much of our present efficiency is due to constructive suggestions made by patrons.
