

**William Tencher
Is Killed in Motor
Crash in New York**

William Tencher, 20 years old, son of Rudolph Tencher, who formerly lived in Wilmette, died early last Monday morning following an automobile accident the day before when a car he was driving turned over in a ditch near Tuxedo Park, N. Y.

Tencher's skull was fractured in the accident, although a companion was only slightly injured. The youths were returning from West Point when the accident occurred. Tencher was a student of Princeton university and was a graduate of New Trier high school. While at New Trier he made a name for himself as a back-stroke swimmer and had recently been named for that position on an All-American team.

His mother was in California and

his father had just boarded a train to join her at the time of the accident. Mr. Tencher was reached by telegraph at Denver and after being joined by Mrs. Tencher returned to Wilmette. Funeral services were held from the Wilmette Presbyterian church on Thursday morning of this week and burial was at Memorial park. The Tenchers had sold their home here but had expected to return in the fall, it was said by friends.

HEAR ZONING COMPLAINTS

Complaints that Paul Krueger, 730 Center street, was using his residence for commercial purposes were laid before the Village council by the plats and zoning committee last Tuesday evening. Neighbors had complained about Krueger, who is a stone mason, it was said. The matter was referred to the Zoning Board of Appeals. The property is zoned residential.

**Health Center to
Add Pre-School-
Age Clinic to Work**

Mrs. Wendelin P. Seng of 401 Lake avenue, entertained the fifteen members of the board of directors of the Grosse Point Health Center at luncheon Friday, May 14, preceding the usual business meeting. The out-of-town guests attending were Mrs. Theodore Sachs, head of the Chicago Tuberculosis Institute, and Miss Helen Norcross, the nurse in charge of the Health Center.

The board of directors is very glad to announce that action was taken establishing a pre-school-age clinic for children from 2 to 6 years, which will be held on Monday mornings from 10:30 to 12 o'clock, the dates to be announced later.

This additional work has long been

desired by the board members, but until now, it has not seemed possible. Dr. Robert Blessing, the conference physician, will take charge, and is looking forward with much enthusiasm to seeing the same good results among these children that the work has shown for babies of the community.

Visitors are welcome to all of these Wednesday afternoon conferences conducted by Dr. Blessing at the Health Center on Ridge avenue, it is explained.

Mellen Martin of 630 Rosewood avenue was appointed general counsel for the Chicago Commonwealth club Friday, May 14, at the annual meeting and banquet at the Blackstone hotel. Frank F. Winans, resident vice president of the National City company of New York, was elected president.

Ever Taste a Hydrox Strawberry Pie?

It's Ice Cream, of course—and just about the finest food ever known

Everybody is talking about the wonderful goodness of Hydrox Strawberry Pies. They're made like regular pies but only of Hydrox Ice Cream and real strawberries. Every one of them is big enough to provide eight or ten generous servings. They are unusual, and like every other good thing in ice cream, originated and featured only by Hydrox. Your nearest Hydrox Agent will supply you on 48 hours' notice.

There's a Hydrox Agency near your home
