

## Progress Begins with Savings

**I**N 1810 Henry Duncan opened a "parish bank" at Ruthwell, Scotland. This was the first savings bank. In eight years 200 more such banks were established in Britain.

Today there are thousands of savings banks. Thrift grows, and our country is the greatest saving nation.

We invite you to join the ranks of the savers of this community. Our Savings Department is at your service.

## LEE Says:

I'M going to try to **MAKE** this message **SERIOUS** because it's a **SERIOUS** subject—**FROM** day to day we **HAVE** customers here at **THE** store whom we know **ARE** sick—**FREQUENTLY** we are asked **TO** prescribe a remedy **FOR** certain ailments or **TO** recommend treatment. **THIS** is entirely out of **OUR** province, and while **WE** are willing and **ANXIOUS** to serve, we **EARNESTLY** advise everyone, **IN** case of illness, to **SEE** a physician at once **AND** get him to prescribe **THE** treatment—if more **PEOPLE** would follow that **SUGGESTION** I know that a **GREAT** deal of suffering **COULD** be avoided and **SERIOUS** illness warded **OFF**.

**THE** Adams Pharmacy is here **TO** serve you, but not to **PRESCRIBE** for you.
