ADOPT TRAFFIC PLAN

Chief Peterson Will Block Off Sheridan Road for Closing Day of Eucharistic Congress

Plans for handling the enormous amount of automobile traffic which will pass through the village on the way to and returning from Mundelein on June 24, the closing day of the International Eucharistic congress, were announced this week by Chief of Police W. W. Peterson.

Sheridan road is to be entirely closed to village traffic, and will be made a through, one way traffic highway. In the morning the traffic will be north bound and in the afternoon and evening it will be southbound. All the east and west streets running into Sheridan road will be blocked off and residents as well as other local north shore traffic, will be asked to use other routes.

The gates at the Tower road crossing will be closed all day, as the traffic will move across Tower road and north on Green Bay road and so out of the village. Merchants are asked to instruct their delivery men to use routes which will not take them on the main highway during the day. The rules will go into effect early on Thursday morning, June 24, and will continue until late in the evening.

According to Chief Peterson the police department will be faced with practically a 24-hour shift on duty to handle all traffic. Other communities along the north shore are in the same position and have made similar plans for allowing a free movement of the heavy traffic which will make the pilgrimage to Mundelein on that day. All residents of the village are asked to cooperate with the police department.

MIDLERS STAGE DANCE

Saturday of last week the Middler girls of the North Shore Country Day school gave a dance in the school library, which had been prettily transformed for the occasion. Prior to the dance, itself, a short play was given, after which followed the merry-making until a reasonable hour.
