Tennis Stars Meet
at Skokie Opening
Sunday Afternoon

Tennis fans of the north shore are promised a gala time over the weekend holiday period what with three exhibition matches, bringing internationally known players, arranged by the Tennis committee of the Skokie Country club.

Beginning at 2:30 o'clock Sunday afternoon, May 30, the fans will witness a series of matches including two singles and one doubles event.

In the singles Wray D. Brown will be pitted against George M. Lott, Jr., while John Hennessey will engage Lucien E. Williams.

The doubles will find Lott and Williams paired off against Hennessey and Brown.

Sunday's matches will mark the formal opening of the tennis season at Skokie and it promises to be a notable inaugural since all of the contestants are young men who are gradually working their way to the top of the ladder in the national net competitions. All of them have a sound, well developed game, it is explained, and possess plenty of endurance and a wealth of fighting spirit. Any one of the four is a potential candidate for a place among the five ranking players

of the country this season, according to the experts. They possess the qualities of national championship contenders.

Of the contestants Brown now holds tenth position in the national ranking. Lott follows as number eleven, and Williams has the twelfth position. Hennessey ranked seventh in 1925 but was unable to play through the entire season so was not ranked this year on account of insufficient data.

These exhibition matches are for Skokie members and their guests and there will be no entrance charge, it is explained.

Offer Attractive Rates
on C. N. W. Over Holiday

The Chicago and North Western railroad is offering to its patrons unusually attractive rates for the weekend holiday period which provides round-trip journeys to points on that road out of Chicago at the cost of a one-way fare, plus twenty-five cents, where the one-way fare is not in excess of eight dollars. This special rate is effective at all stations on the road east of the Missouri river, it is explained. Children from 5 to 12 years of age will travel at half-fare on the basis of the holiday rate, while younger children will travel free when accompanied by parents.

Officials of the road explain that this holiday rate is the most radical departure in excursion rates ever effected in this vicinity. The rate will be in effect from May 29 to midnight of June 1.

VISIT IN INDIANA
