## POLICE NAB THIEVES

Pair Thought to Be Responsible for Many Thefts Along North Shore Are Now in Custody

Two young men who are thought to be responsible for a series of thefts in Winnetka, Glencoe, Highland Park and Lake Forest were arrested last Sunday by police of Lake Forest and Highland Park through a tip from the Winnetka police department.

Early last Saturday morning Winnetka police discovered a Ford roadster parked without lights in an alley in Hubbard Woods. Investigation disclosed the fact that the car bore only one license plate, and that for 1925. The policemen lay in wait for a while and saw two men approaching bearing a disc wheel which was later found to have been stolen from M. Pancoe, 956 Vernon avenue, Glencoe. The men saw the officers and escaped.

Later Saturday morning the two men were seen by Glencoe police. They were evidently waiting to board a North Shore line electric car. The police gave chase and Winnetka police were notified and joined in the search, but again the thieves escaped.

Motorcycle Policeman Rhys Fuidge traced the license number of the roadster and found that it had been sold to Barry Redmond, of Lake Forest. He was arrested at his home Sunday and is said to have confessed to several thefts and to have implicated Alfred McClernon, 606 Glenview avenue, Highland Park. The latter surrendered to the Highland Park police Sunday and was locked up with Redmond, who had been brought to that city.

The two were arraigned on Wednesday of this week and the case was continued for a week. Among articles thought to have been stolen by the pair are a woman's purse, some paint and varnish, with brushes, and a spotlight.

## Glencoe Not to Renew Water Contract in 1927

Information was received by Village Manager H. L. Woolhiser this week that the Village of Glencoe will not renew its water contract when it expires September 1, 1927. Glencoe has decided to build its own water plant. An agreement between the villages has been reached to the effect that Winnetka will continue to supply water to Glencoe after the contract has expired, in case the new plant is not finished, up to May 1, 1928. It is understood, however, that in case of an emergency or an inadequate supply the Winnetka demand shall have the preference. It was suggested by Glencoe that after the completion of its new plant the present connection at Scott avenue be maintained so that the plant of either village may help the other in case of an emergency.

## ANNOUNCE WINNERS OF "ON TO EUROPE" DRIVE

Two New Trier Boys to Take  
Vacation Tour Abroad; Third  
Winner Selects Scholarship

Well, its all over but the shouting. The "On to Europe" subscription campaign launched by Lloyd Hollister, publisher of WILMETTE LIFE, WINNETKA TALK and GLENCOE NEWS, and in which

Ralph Heineman

a sizeable group of New Trier High school boys participated, is a matter of history. This week the directors of the campaign were busily engaged in arranging final details of the European tour to be enjoyed by the winners in the subscription salesmanship contest. Two boys, Symon Bows of Wilmette, and Walter Schroeder of Glencoe will go to Europe as the winners in their respective towns while Ralph Heineman, the winner in Winnetka, will receive a scholarship to Northwestern university, college of Liberal Arts in lieu of a trip to the Old World.

### One Takes Scholarship

In the instance of Ralph Heineman it should be explained that the scholarship award was presented only at his own urgent request.

As soon as it became apparent that he was to be the successful candidate in Winnetka Ralph entered the request that his award be transferred to a scholarship. He is a native of Sweden and has been in this country only a few years. Europe is far less attractive to him right now than an opportunity to continue his education. He will enter Northwestern next autumn.

As a result of the contest Symon Bows and Walter Schroeder will sail on June 30 from New York harbor on the S. S. President Roosevelt, accompanied by Robert Holt Carpenter, popular instructor at the high school, who was the choice of the candidates for the journey. Mr. Carpenter is leaving for New York in advance of the boys and will join the party at the Hotel McAlpin on June 29.

### Take Mentor Tour

The successful candidates in the contest will visit England, Holland, Belgium and France under direction of the famous Mentor Tours which are regarded as among the finest tourist programs on the Continent. Unexcelled service and accommodations throughout the 33-day trip are promised the youthful travelers.

Walter Schroeder

The Lloyd Hollister "On to Europe" subscription salesmanship contest is one of the most successful ventures of its character ever launched on the north shore. Every salesman in the contest was paid for his work.
