## LEE Says:

THIS week we remove OUR 1924-model straw HAT to honor the NEW Trier High School ON the occasion of THAT institution's 25th anniversary— WE believe we have a LITTLE more sentiment TOWARD this school than THE average citizen BECAUSE we started our HIGH school "career" AT New Trier in 1903, JUST two years after IT was opened, and MISS Packer, who is now DEAN of girls, and MISS Grover, who teaches ART, were members of THE faculty at that TIME and possibly they MAY recall the grades WE made back there in 1903—(we hope not)— ANYWAY, we're proud of THE institution and CONGRATULATE Fred Clerk, THE principal, and all OF his fine corps of ASSISTANTS on the SPLendid school they ARE conducting.
