

A State Bank

A Bank of Stability

IN 1894—thirty-two years ago—this Bank had its beginning. Its humble inception in those early days makes the present a gratifying achievement as seen through the years of steady and sturdy growth.

The Winnetka Trust and Savings Bank today stands as the oldest Bank in New Trier Township. We are justly proud of a record of increasing strength and usefulness to the community. Today we enjoy the confidence that has come through that strength and service in these years of sound and deeply-rooted growth.
