

Wills Sainte Claire Now Leads Fine Car Group in—Low Price

Wills Sainte Claire is now lowest in price in the fine car group.

The Roadster is now \$2700; the Gray Goose Traveler \$2700; the 5-passenger Sedan \$3150; the 7-Passenger Sedan \$3250.

These figures make the buyer pause, consider, examine. What an alluring investment in finer motoring and enduring transportation!

There has been no cheapening, no change. Besides all the usual equipment and fittings—rear view mirror and the like—each Wills Sainte Claire is furnished with such costly accessories as: Lovejoy Shock Absorbers; Winterfronts; special Bi-Flex deluxe bumpers both front and rear; and many others.

For quiet delivery of smooth-flowing power, for original beauty, the Wills Sainte Claire has long held a place of its own.

Now excess values still further distinguish it—a fact that deserves an investigation and a ride.

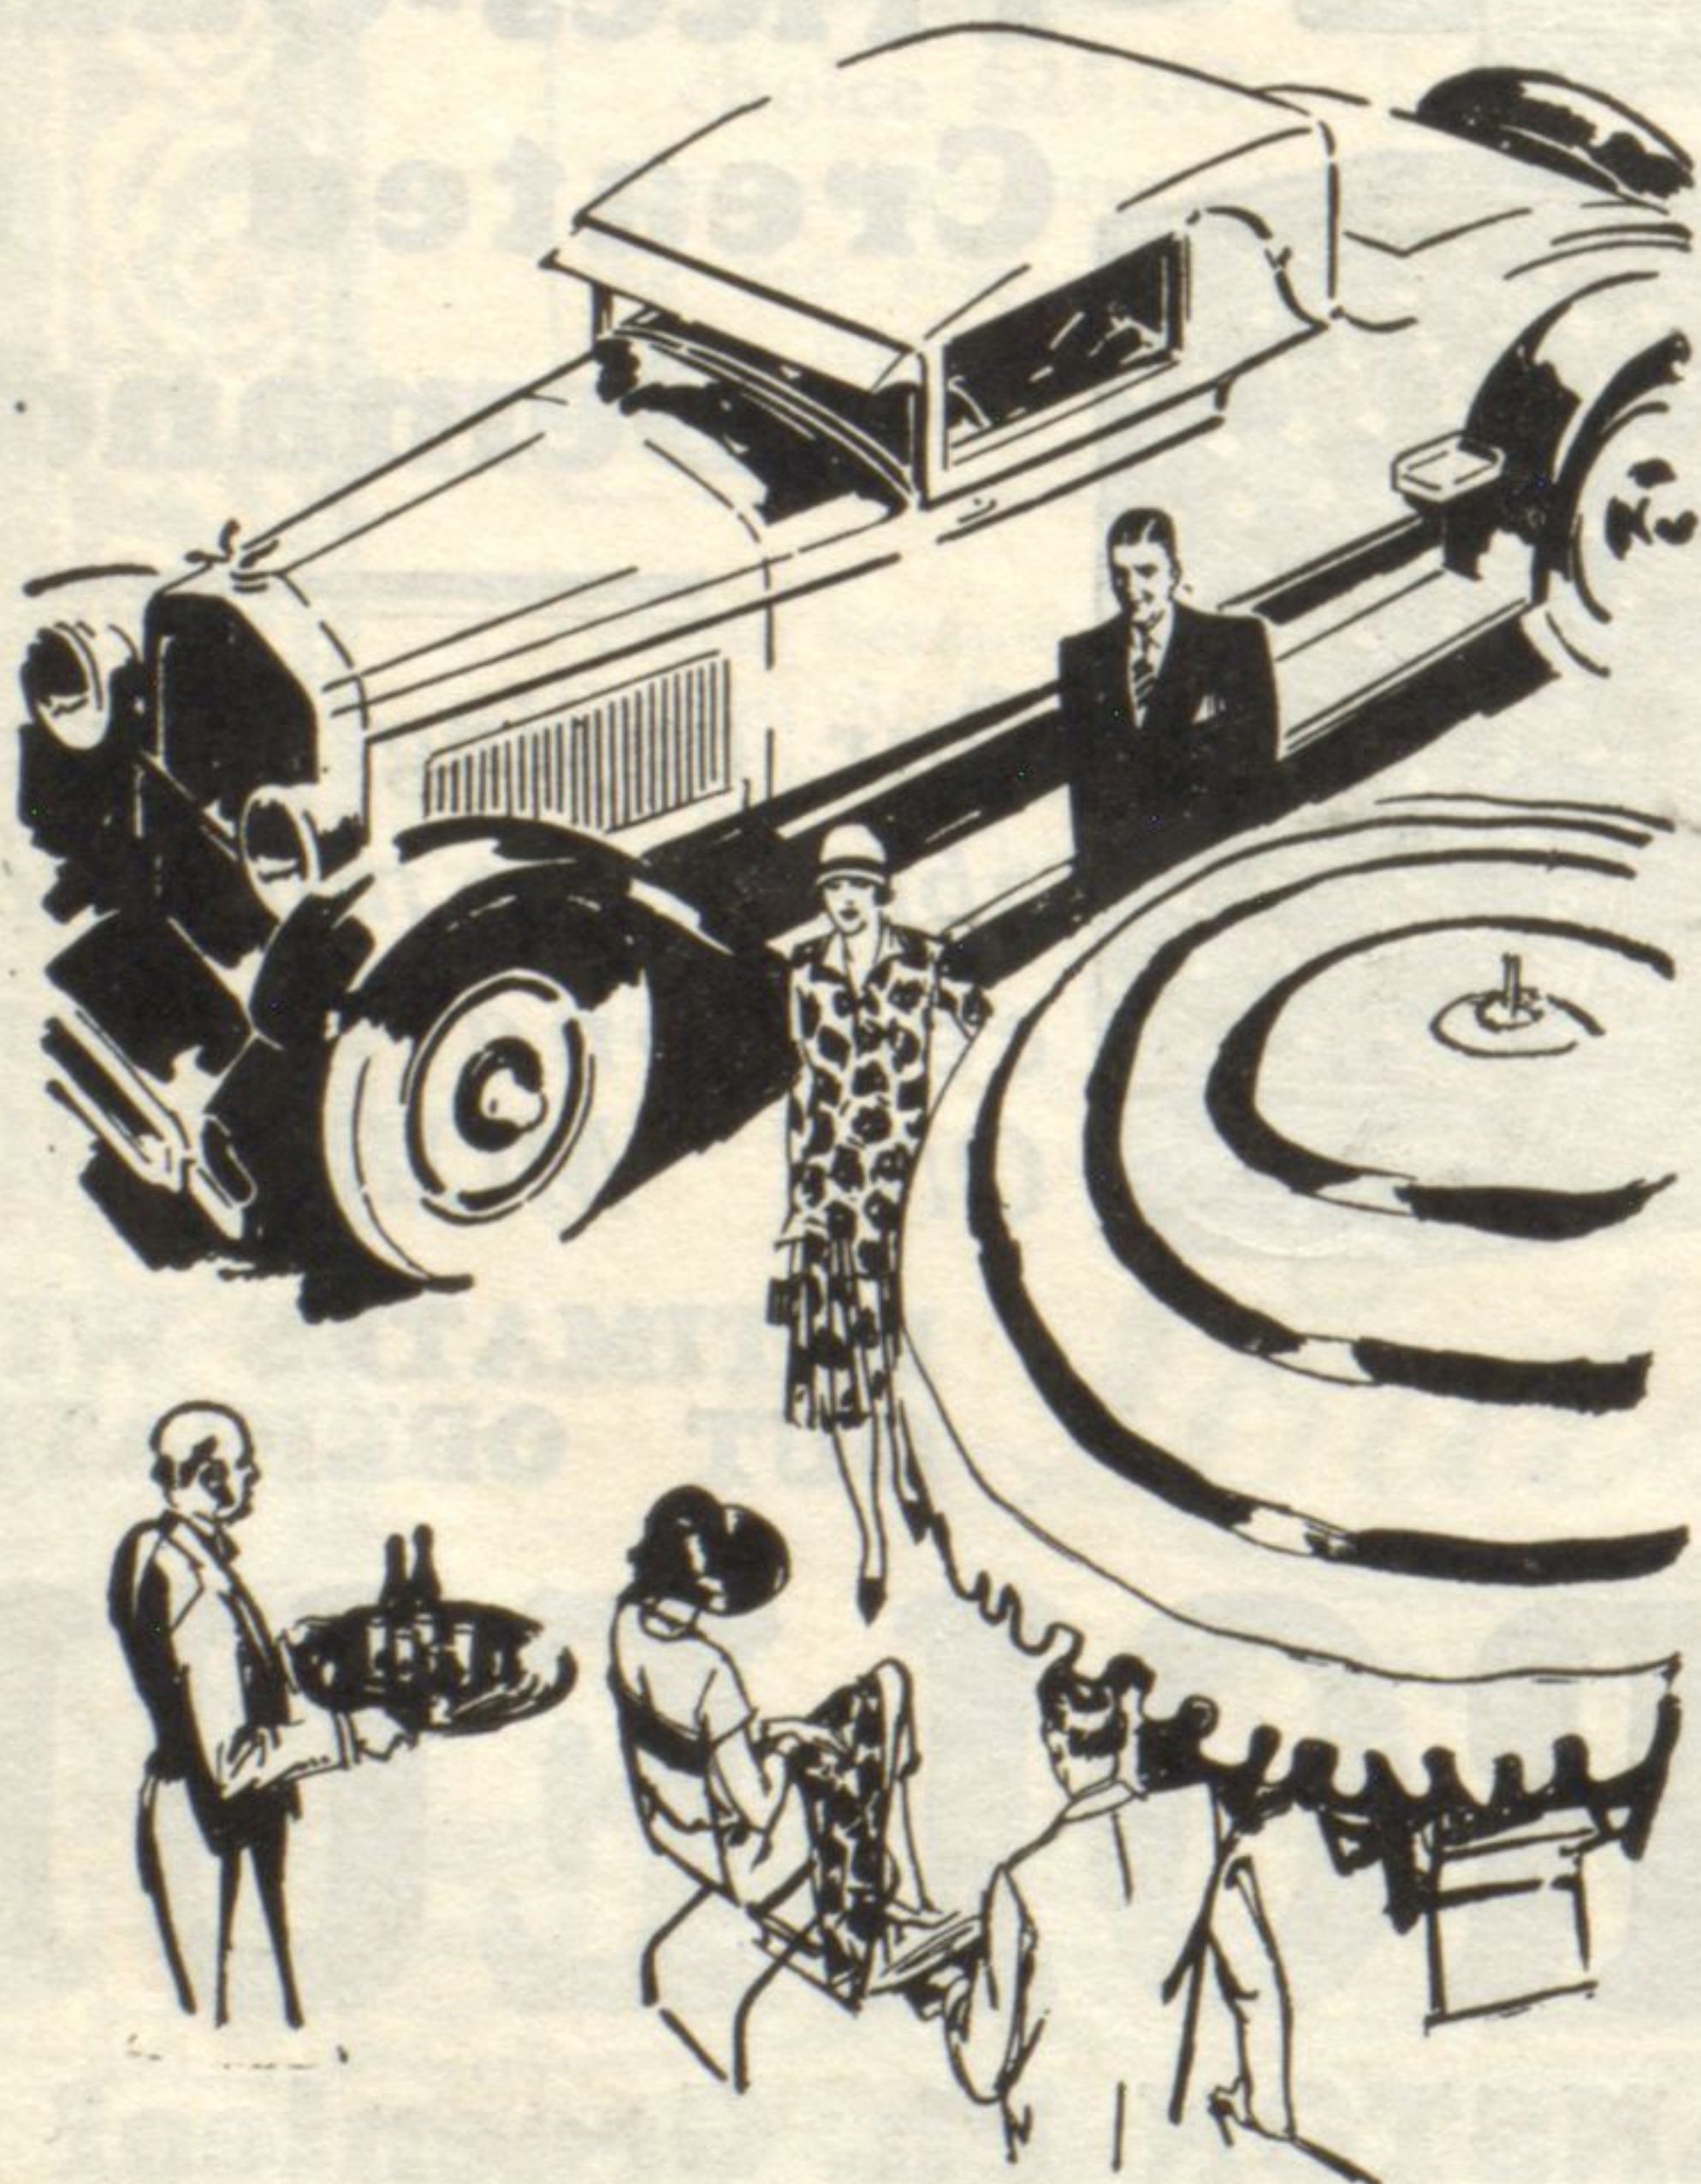

All prices f. o. b. Marysville, Michigan, tax extra

GOOD FOR YEARS AND YEARS AND YEARS

First Principal

Frank L. Smart

Frank L. Smart, first principal of New Trier High school, is described by one of his associates of the earlier days as a "dignified and efficient" executive. "Only those who worked in daily contact with him can realize how much the school owes to his energy and his interest in its development," continues that instructor. He was primarily an organizer and was remarkably well-fitted to direct the activities of a school at the time of its very beginning. Mr. Smart left New Trier after a few years to accept the position of superintendent of the public schools in Davenport, Iowa.

Mr. and Mrs. Leonard Florsheim of Chicago have leased the John R. Leonard home at 861 Bryant avenue for the summer.

SHOW SCHOOL GROWTH IN GIGANTIC PAGEANT

(Continued from Page 17)

only the "Curricular," but also the "Extra-Curricular Activities," clamoring for admittance.

Chooses "Progress"

Their very numbers and the variety of their attributes so impresses "The Boy" and "The Girl" with the breadth and progressive alertness of their school that, child-like, they ask to see into the future. This, of course, cannot be; but the goddess, "Future" herself, allows them the choice of either of her two daughters, "Progress" and "Retgression," to be their comrade and guide in the years to come. They wisely choose "Progress"; and with that choice the "Court of King Thought" is adjourned and the "Inaugural March"—the honorary conduct of the elected "Activities" to the halls of the school—begins; and the pageant of New Trier's Quarto-Centennial anniversary of its birth is brought to a close.

School Paper Tries Out New Method of Editing

The New Trier News, published weekly by the high school students under the direction of the faculty of the English department, ends the year with this week's issue. The News aims to guide, unite, and express the spirit of the student body. This year a new plan of editorship was tried out by Robert H. Carpenter, faculty supervisor. Instead of having one editor for the whole year, as was done previously, the News was run by an editorial board of ten members, who took turns in being editor-in-chief each week.

"Nothing ever takes the place of Silver"

The Bride's Silver

We shall be glad to send an illustrated brochure showing favored American patterns of **SOLID SILVER Flatware**—all of which we carry in stock

Dessert Knives and Forks from \$20 the 1/2 dozen
