Commercial Club Aids Students in Securing Places

The Commercial club was organized by the commerce department of New Trier High school to encourage social and educational activities among the students of that section, and to provide the means by which they might secure good positions and rapid advancement in the business world.

The club has three divisions. The first consists of all students of the commercial department who wish to join the club. The second is composed of only those who have shown a high grade of scholarship in a year or more of work in the commercial subjects. The third consists of only those who have shown exceptional ability for two or more years of commercial work. Membership in the second and third divisions are conferred by unanimous vote of the teachers in the commerce department.

Uncle Sam Furnishes Arms for Rifle Club

The Rifle club has been developed at New Trier High school for the purpose of giving instruction and training to the students who wish to learn to shoot. The element of marksmanship is made secondary to the knowledge of how to handle fire arms with the maximum degree of safety. The United States government provides the guns and ammunition and all the training and practice is done under the strictest supervision.

Miss Catherine Murphy, art instructor at New Trier, has supervised the costuming for the pageant "Enlightenment." Creations have been made by Miss Irma Moschell and her advanced classes in Home Economics at the school.

Pageant Author

C. Russell Small

C. Russell Small, head of the Latin department at New Trier High school, is the author of the great pageant which is to be given in three performances Monday and Tuesday, June 14 and 15. Preparing the "book" for this unprecedented presentation was obviously a herculean task in itself, but Mr. Small has accomplished it with remarkable success. Mr. Small has been associated with New Trier for several years. He is a graduate of Princeton university. Mr. and Mrs. Small reside at 42 Abbottsford road, Winnetka.

Student Council Voices Viewpoint of Students

The Student Council is one of the steps taken by New Trier high school toward student government. The function of the council is purely advisory as far as any actual control over the school is concerned. However, its influence is very great, especially in matters affecting student activities. The council meets during the adviser period one day each week and discusses any matter that may be presented to it by any councilor. The results of these discussions are reported back to each adviser room on the day following the meeting. The council is supposed to be a channel for the expression of student opinion and a council vote has a great deal of influence with the administration.

The qualification for membership in the council are higher than for participation in any other school activity. One member is elected from each adviser room and presents the student's choice of the most reliable and intelligent member of the group.

All the music incidental to the anniversary pageant, "Enlightenment," is under the supervision of Mrs. Homer E. Cotton, director of music at New Trier, and is provided by the New Trier High school orchestra.

Why Is EXCEL Ice Cream

Served in the Best Homes and Clubs?

Because it is made of the very richest, fresh, tubercular-tested, pure cream and fresh fruits. In fact, everything that goes into the making of EXCEL Ice cream must be the very best the market affords.

Better ice cream cannot be made in your home. True, EXCEL Ice Cream is more expensive than any other make, but, quality considered it is by far the least expensive.

There has at no time been an article put on the market that could not be of inferior quality and be sold for less money.
