## Our Thirty-Second Birthday

**W**E take pleasure in announcing to our friends and patrons that this is our thirty-second anniversary.

**T**HOSE of you who were our first patrons will realize how this yard has grown. From a very small affair it has prospered until it is now the largest yard between Evanston and Kenosha in the retail Coal, Lumber and Building Material business.

**Y**OUR continued patronage as well as that of your friends has contributed largely to this remarkable growth. Another contribution, we feel sure, has been our sincere and persistent endeavor to furnish you with the best Coal, Lumber and Building Material, together with a sincere touch of personal service.

**W**E are pleased to acknowledge and to thank our many patrons for their support which has enabled us to gain this enviable reputation.
