**“Congratulations” to New Trier High School on Its 25th Anniversary—They’ve Done Wonders**

We, too, feel that we have made the same progress. When New Trier opened, the North Shore Laundry had already been doing business in Winnetka for four years.

Starting in 1897, the first laundry in Winnetka, it was located on Elm Street in a small frame building 25 by 30 feet, then building a new plant on Elm Street which now stands unoccupied at 806.

Last year our new plant on Chestnut and Spruce was completed, and we took occupancy last August.

This plant has every up-to-the-minute modern equipment, and has 17,000 feet of floor space. Just think what it means to you. As it sums up, you have everything to gain.
