

WINNETKA TALK

Ready for College

Here we have the entire graduating class of New Trier High school—more than 260 fine looking boys and girls, most of whom will be scattered far and wide in colleges throughout the country when classes begin next autumn. This is by far the largest senior class New Trier has ever boasted. In 1901 New Trier gave diplomas to just two students. That's something to think about when at this season of New Trier's twenty-fifth anniversary, one speculates upon the amazing growth of the school over the quarter-century period.
