North Shore Men Attend Sessions on Road Widening

H. H. Sherer, New Trier Township Highway commissioner, and Robert Kingery of Winnetka, secretary of the Chicago Regional Plan commission, were north shore men who attended a recent Cook county road conference called by Anton J. Cermak, president of the Cook county board of commissioners.

Important at this conference was the authorization of the appointment of a subcommittee to act with the Chicago Regional Plan commission in working out a survey of highways that need widening and to report back to the Widening committee of the County board at that body's next session.

It was announced at the meeting that the Chicago Association of Commerce is preparing a demand for a county bond issue to finance the widening of existing roads and other important contemplated highways.

The conference urged President Cermak not to veto the 20-foot highway plan which is under contract by the county at the present time.
