Held to Grand Jury When Taken With Stolen Car

Edward Fahey, of Evanston, was held
to the grand jury on \$2,000 bonds by
Police Magistrate D. E. Mickey last
Tuesday on a charge of having in his
possession a stolen automobile. Police
had apprehended him earlier in the
week with an automobile alleged to
have been stolen in April from A. T.
Murphy, 332 Elder lane, Winnetka.

The car was parked in the front of
St. Francis' church, Ninth street and
Linden avenue, when it was stolen.
Several days ago Murphy saw the ma-
chine on Sheridan road near the drain-
age canal bridge. He notified the Wil-
mette police and Fahey was arrested.
He asserted that he owned an automo-
bile repair shop and that the car had
been brought in by a Rogers Park man
for repairs.

According to the police he later
changed his story and said that he had
bought the car and that he had a bill
of sale. The machine had been re-
painted and the engine and body num-
bers changed, the police said.

A New Method Has Made Good

PRESENT cost
levels are much
higher than those of
ten years ago, so that
each additional tele-
phone installed now
increases the average
investment per tele-
phone. To maintain
the service the com-
pany's revenues must
keep pace with this
condition.

FOUR years ago the Bell System
introduced "station-to-station"
long distance service.

The service has "made good." It is
used thousands of times daily where it
is not necessary for the caller to speak
to a particular person or where the per-
son wanted is likely to be within im-
mediate reach at the called telephone.

The service is especially suitable for
personal or social calls to relatives or
friends.

Rates for daytime station-to-station
calls are about 20 per cent lower than
for person-to-person calls. Evening and
night rates are still lower. The rate is
charged when the distant telephone (or
private branch exchange) is answered.
