

Running Hot Water For All

Welcome As Sunshine

There isn't a member of your household—from two-year old Tommie to his three score-and-ten grandfather—who hasn't daily use for running hot water. Not until you have running hot water at your faucets, just as you now have running cold water, will your home be thoroughly modern.

Let us install a Gas Water Heater in your home without delay. We have various types and sizes in a wide range of prices. Any one of them will instantly end your hot water problem.

Your Gas Company

is interested in rendering to its customers the very best gas service possible. You can co-operate with us by using economical and efficient gas-burning appliances.

It Will Be to Your Advantage

to consider your hot water requirements now. Our special offer expires next week.

Only \$10.00 Down
12 Months to Pay

will install one of these wonderful Gas Water Heaters in your home, so that your family may enjoy all the advantages that our Service makes possible. Why continue to wait for water to heat—why try to skimp on hot water when its abundance is essential to your family's comfort?

Phone Winnetka 80

Have our representatives call and give you full particulars regarding your hot water requirements. This service is free.
