An attractive addition to the already interesting group of public and mercantile buildings in the business district of Winnetka is the building which M. K. Meyer, president of the Winnetka Trust and Savings bank, is about to build on the lot across from the Horace Mann school where Mr. Meyer and his family have lived for more than thirty years.

The building is designed in the old English style and will contain a large department store space on Elm street and four small shops fronting on Chestnut street. The upper floors will be subdivided into small housekeeping suites except the second floor space on the Elm street frontage, which will be used for offices.

The large, attractive court yard will be entered through the gateway from Chestnut street. The building is expected to cost about \$160,000 and will be ready for occupancy in the spring of 1927.

**Winnetka Youths to Take 2500-Mile Trip by Canoe in Canada**

Arthur Fisher, 1060 Sheridan road and Roland Williams, son of Dr. and Mrs. Aubrey Williams, 163 Bertling lane, Winnetka, will spend the summer on a 2,500 mile canoe trip through Canada, headed for Hudson bay.

Williams graduated from New Trier high school this June, leaving before the graduation exercises in order to take the trip. Mr. Fisher and Mr. Williams will leave from Prince Albert, Canada, pick up their equipment, and start the trip as soon as possible.

The 2,500 miles they plan to cover has not been entirely mapped, and the government will use data they record to perfect records.

While attending New Trier, Williams interested himself in bird banding, which consists of catching birds, slipping a light band around one foot and letting them go. Records are sent to the government of the time, plumage, etc., and later when the bird is found in another part of the country, further data is added to the record.

By this method of bird banding the habits of birds are discovered, and their yearly migrations recorded.

Williams will return to Winnetka on completing the trip and attend Worcester college next year.
