Brunswick Panatrope and Radiola

Brunswick Panatrope

The Forces of Electricity Captivated

to bring you the most amazing music the world has ever known.

This electrical reproducing musical instrument is the recent invention of America's foremost laboratories in science of acoustics; operates entirely from the electric socket, giving musical performances so astonishingly perfect, that leading newspapers, the country over, are according it front page notice.

We cannot justly describe Brunswick Panatrope, so we ask you to come in and hear it. A demonstration in your home or in our shop may cheerfully be arranged. . . no obligation. Hear it today!

INTERESTING FEATURES

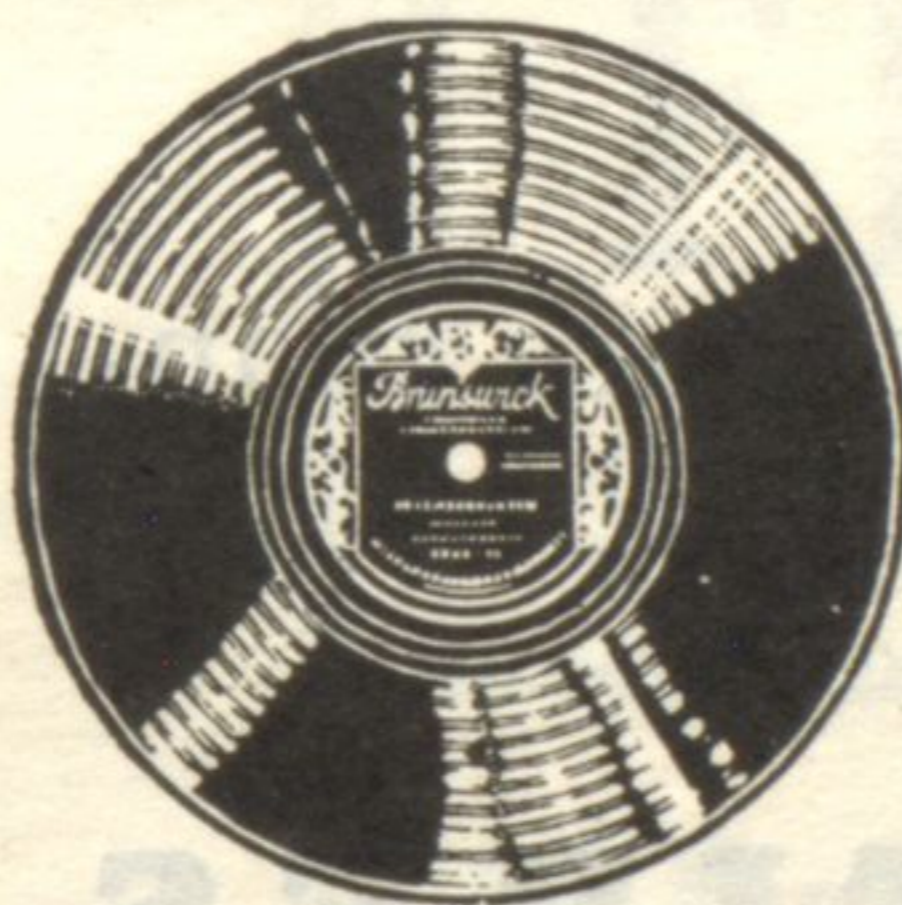

Absolute Reliability—Produced by The Brunswick Company, successful manufacturers of quality merchandise since 1845.

Tone—The Panatrope brings musical results in the playing of records that are remarkable.

Radio Selectivity—Highly selective. Easy to tune in the station you desire, without interference from other stations.

Operation—So easy that a child can play it. No delicate adjustments to worry you.
