

Frank DeHaven, master of Anchor and Arc lodge.

Selection by the band.
Hymn by audience and band—"Ten Thousand Times Ten Thousand."

Address by Dr. R. E. Hieronymus, community advisor on the faculty of the University of Illinois.

The formal words of dedication of the memorial by President Western were as follows: "In the name of Modern Cemetery and Mausoleum company, and of the principles of Masonry, and of the spirit of co-operation of Art and Nature, and to the glory of Almighty God and in memory of those who have passed the unseen portals, I now dedicate this memorial. My this monument, wrought in everlasting granite, here to stand for untold centuries, daily teach men the lessons of wisdom, beauty and virtue, forever."

Gov. A. O. Eberhart and Dr. Hieronymus made masterly addresses. The former Minnesota executive is always happy, entertaining and thought-inspiring in his speeches. Among other things he said:

"North Shore cemetery is a revelation to me. Never before have I seen such a beautiful place under the name cemetery. The reason is that the cemeteries with which I have been last acquainted represent gloom instead of cheerfulness, death instead of life, ugliness instead of beauty. This cemetery is the personification of all that is beautiful, cheerful and hope inspiring."

Praises Cemetery

Dr. Hieronymus delivered a scholarly and inspiring address. He quoted liberally from poets and artists and described great paintings for the purpose of showing that the lessons taught by the varied pictures to be seen in North Shore cemetery will have lasting influence in inspiring higher culture. He said:

"I am convinced that this is the beginning of a movement. I speak advisedly when I say 'movement,' as it is something higher and more lasting than a mere enterprise or even an institution. The work which Mr. Western has done here is the beginning of a movement which will spread throughout this country and inspire people to provide more beautiful and permanent places for human interment."

The exercises were concluded by the singing of "America," followed by the benediction pronounced by Dr. Ganster.

Two deputy sheriffs had charge of parking the cars and policing the grounds. A count of the cars was made as they departed after the dedication exercises. It was found that upwards of 400 passed through the main

Wins Golf Honors

Last week Bill Hartshorn, 460 Winnetka avenue, Winnetka, played himself into third place in the qualifying rounds of the National Open Golf Championship, at Calumet Golf club. Playing on a heavily rain-soaked course, Bill shot two evenly balanced cards, of 76-77-153.

Bill is a product of our own north shore. He started as a boy, caddying at Indian Hill Golf club. Leaving Indian Hill, he was Bob MacDonald's assistant for seven years. Bob has been called the longest driver in the world.

Then Bill went South and was professional at Sarasota Golf club, Sarasota, Fla., for two years, during the winter season.

And now Bill is professional at Briergate Golf club, Deerfield, Ill.

entrance, but it was soon discovered that somebody had opened the side gates and that many cars had escaped uncounted. Competent judges declared that there was an average of 5 passengers per car. Thus, it was established that upwards of 2,000 visitors viewed the beauties of the grounds and took part in the exercises.

Permanent Wave

A beautiful natural looking Permanent Wave that will give perfect satisfaction and add to your comfort in hot weather.

The Eugene Steam Oil Method assures this.

WINNETKA BUILDING NEWS

Vol. 1

Winnetka, Ill.

No. 16

We know a little girl who doesn't like ice cream, but she does like nice clean sand in her play box.

Notice the new house Lee Vincent is building for himself at the southeast corner of Elm and Locust streets, Winnetka. There is quality being built into this home through and through. Our sign on the job insures that.

"I'll give you a dime, Tommy, if you get me a lock of your sister's hair."

"Make it a quarter and I'll get you the whole bunch. I know where she hangs it."

The Wm. Salmen Co. is putting in the foundation for Mr. Englethaler's new residence on Woodlawn avenue, Glencoe. Washed Sand and Gravel with Alpha Portland Cement are being used. The foundation, after all, is one of the most important factors in any building, and a

good foundation cannot be made with other than good materials.

"We ought to get a lot of things done," says George Gonsalves. "These days are the longest of the year."

There's surely space in your home for a little breakfast room. "They're a real joy," we've deserted our dining room since we built in our breakfast nook" says one lady of our acquaintances. Come in and see us for measurements etc.

What is so rare as a day in June?

Have you a built in ironing board in your home? You'll never know the convenience of this feature until you've installed one. Tell your husband you want one...and then keep right after him. He'll come over and buy one for you.

There's an awful difference in the weight of a hoe handle and a fishing pole.
