

**Paid Fine Tribute**

The recent Twenty-fifth anniversary pageant at New Trier High school has called to mind the remarkable record of service at the school achieved by

**Henry E. Brown**

Henry E. Brown, who was principal during the period from 1910 to 1918.

When Mr. Brown assumed the principalship the school boasted but a single building and manual training annex and it was under his direction that the large forward-looking expansion of New Trier took place. When he left to enter the service of the government during the World war, the school was being visited by leading education committees from every section of the country.

Mr. Brown was regarded as a splendid organizer. It was his ability in that direction that qualified him for

excellent community service work for the government.

No history of New Trier is complete without mention of the part his foresight and ability played in its development.

New Trier alumni and students were grieved to hear of Mr. Brown's death about a year ago.
