## McGuire & Orr Open New Subdivision on North Shore

Considerable interest was manifested locally in the opening of the new addition to the Kenilworth Beach subdivision of McGuire and Orr which was placed on sale this week. Nearly a score of large home sites are included in the addition. The land is part of the Mahony farm which was in corn and pasture land up to four years ago although surrounded by costly homes.

All improvements have been constructed in the new addition and a rapid sale of the property is expected. These improvements include concrete sidewalks, with sunken bronze lot markers, parkways planted with elm trees, sewer, water, gas, electricity and telephone. Most of the sites are 75 by 160 feet.

It is truly a secluded location away from traffic, yet almost on lake Mich-

igan, a view of which can be had from every lot. J. Fred McGuire has operated on the north shore for twenty-nine years, and this latest subdivision is said to be one of the finest yet offered for sale.

## Builds \$25,500 Home for Glencoe Resident

The southwest corner of Woodlawn and Lake avenues, Glencoe, a lot 50 by 141 feet, has been developed into a splendid \$25,500 residential corner by R. E. Crosby, well known Winnetka builder. The residence which he is just now completing is a seven-room, brick veneer, of the Georgian colonial type, with tile roof, two baths, attached heated garage, large open porch and many other features.

Mr. and Mrs. F. R. Alexander, 1275 Scott avenue, have just returned from a motor trip to Beaver Lake, Wis.

**F**AVOR the Hydrox Agent—he favors you. He pays more for Hydrox than he would have to pay for practically any other Ice Cream.

He does this to guarantee the protection of your health and to give you the best in quality that can be made.

Most other dealers pay far less for the ice cream they sell you and then try to charge you almost the Hydrox price.

Just buying any ice cream at the nearest corner and ignoring the Hydrox Agent who is doing so much to protect you isn't fair to him.

And paying anything near the Hydrox price for the ordinary run of ice cream, certainly is not fair to YOU.

There is a **HYDROX** Agency Near Your Home
