

EXPERIENCE, FACILITIES AND SERVICE

These are important things in measuring the worth of a funeral director and should be borne in mind when you have occasion to choose one.

We are proud that the passing years have won us an enviable position in the minds of the people of this community.

Our Limousine Hearse is the newest thought in Funeral Equipment. De Luxe Ambulance Service.

Songs and Stories Are Entertaining to College

The program of stories by Miss Grace Hemingway and songs by Miss Penka Kassabova at the National Kindergarten and Elementary college last Friday afforded a delightful hour's entertainment to the students and friends of the college who attended.

Miss Hemingway told several unusual stories for children—"The Rabbit Who Thought the Earth Was Tumbling In," a Hindu version of the Anglo-Saxon "Chicken Little," "The Wishing Ring," and the old favorite "Briar Rose." She also gave a reading from Kate Douglas Wiggin's "Garden of Memory" which will no doubt be for many a happy introduction to the book.

Miss Kassabova gave some of the old songs of her country, very old in their weird, minor accompaniment, but neither old nor new in their romantic content as translated by Miss Kassabova.

ENTERTAINS FOR HUSBAND

Members of the families, and intimate friends were the guests of Mr. and Mrs. John Marshall of 112 Green Bay road last Thursday at a surprise dinner given by Mrs. Marshall for her husband in honor of his birthday. Mrs. Marshall presented her husband with a miniature portrait done on ivory of their daughter, Janet. The miniature was painted by Mrs. Kate Bond, of 899 Ash street. As the Marshalls have but recently moved into their new home, the event was somewhat of a housewarming as well as a surprise birthday party.

Mr. and Mrs. E. G. Howell and their two sons of 558 Birch street are leaving this week-end to motor to Pentwater, Mich., for a month's vacation.

Dodge Brothers Output Gains More Than 43%

Dodge Brothers dealers in United States have delivered 173,373 motor cars and trucks during the first half of 1926, a gain of 52,669 cars or 43.6% over the figures of 120,704 for the first half of 1925.

Although the final figures for Canada for the last week of the second quarter are not yet available, according to the preliminary report the gain in retail deliveries by Dodge Brothers dealers in the Dominion is over 65%.

"The official figures for total production of passenger cars and trucks in the United States and Canada during the first six months of 1926 will probably not be available for some days," said C. M. McDonald, "but the industry's gain of 13% over the corresponding period last year reported for the first five months of this year by the United States Department of Commerce will be little changed. By comparison Dodge Brothers gain is nearly four times as great as that of the industry."

Mrs. Guy Stuart Bailey, 932 Oak street, Mrs. William McAdams, 734 Lincoln avenue, Mrs. I. B. Connor, 1152 Hamptondale road, Mrs. Arthur Duncan, 1314 Scott avenue, and Mrs. Lawrence Doty are returning the last of this week from a ten days' trip to Fish Creek, Wis.

Mrs. L. A. West and her granddaughter, Helen Cazel, left Wednesday to drive to Cross Lake, Wis., where they are spending the week-end with the Nash Cazel family of 860 Pine street.

Mr. and Mrs. Fred Loco and their family, 1040 Cherry street, returned Friday of last week from a few days' motor trip to Madison, Wis.

It has set the Automobile World Thinking!

The NEW OVERLAND WHIPPET

The Overland Whippet marks a new trend in light car construction. It is capable of sustaining a speed of 55 miles per hour, gets 25 to the gallon of gas, is neat and compact yet roomy and comfortable. Has that foreign look that makes it very distinctive.

The new Whippet strikes an economical note which has been well received by the automobile buying public.
