## "Model Home," Seen by Hundreds, Sold to C. M. Brigham

Clyde M. Brigham, of Chicago, with C. W. Dunham, heating specialists, has purchased the "Model Home," erected at 430 Maple avenue, Winnetka, by E. T. Leonard, and will take possession of the structure September 1. The sale was made by Miss C. J. Hoey, of the North Shore Real Estate company, of 418 Linden avenue, Wilmette.

This is the house which more than 500 people visited on the first Sunday it was open for inspection, a few weeks ago, and where additional hundreds have called for a similar purpose since that time. It is of Spanish design and comprises many attractive features which entitle it to the distinction of the "Model Home."

Mr. Leonard, with whom H. G. Gleason is now associated under the firm name of The E. T. Leonard company, with offices at 556 Center street, Winnetka, will begin at once the erection of another six room Spanish type house at 811 Foxdale avenue, Winnetka. This house also will be typical Spanish in design, embracing approximately the same features to be found in the Maple avenue house, with some additional points, and will be a two story structure instead of one.

Mr. and Mrs. F. G. Murbach, 775 Lincoln avenue, have been spending the past week visiting relatives and friends in Canada.

## Hold Services for Mrs. Falk, Widow of Late Otto Falk

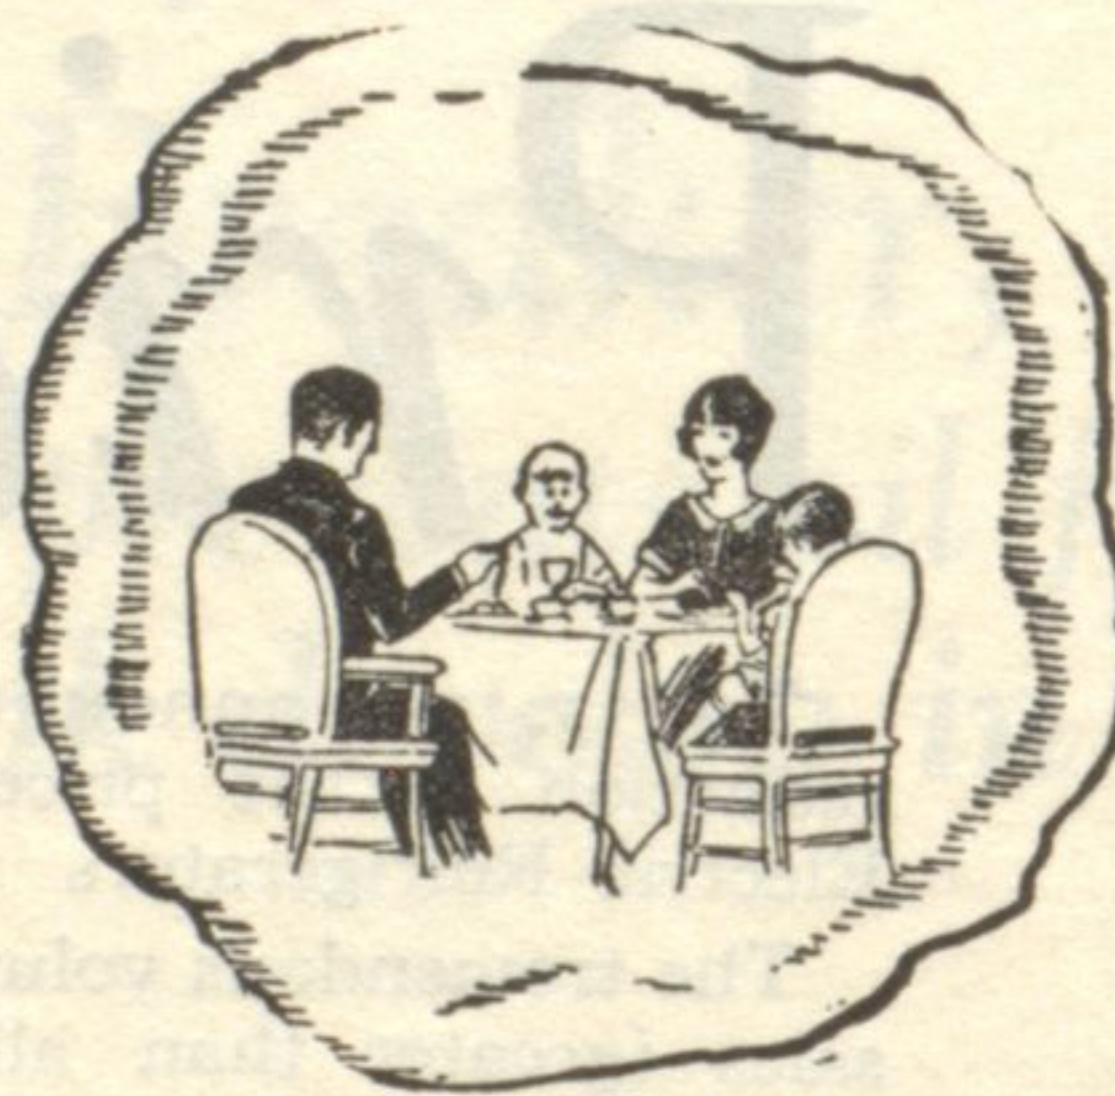

Mrs. Augusta Falk, widow of the late Justice Otto Falk, died at the home of her sister, Mrs. W. H. Boughen, 5621 Lawrence avenue, Chicago, Tuesday afternoon, August 10. Funeral services are being held today from the chapel at 5774 Lawrence avenue, and burial will be at the Memorial Park cemetery.

Mrs. Falk was 60 years of age and had been in ill health for some time. Since the death of her husband, Sunday, January 25, 1925, she had lived for a time with Mrs. Joseph Haberle, a sister, in Wisconsin. For the past several months she had lived with Mrs. Boughen. About two months ago she suffered a paralytic stroke from which she never recovered.

Mrs. Falk was born in Valparaiso, Ind., but had been a resident of Wilmette or the vicinity for the past thirty years. Justice Falk was well known on the north shore, having held the office of Justice of the Peace for many years. He was also the first secretary of the New Trier Commercial association, the forerunner of present Chambers of Commerce in Wilmette, Winnetka, and Glencoe.

Mrs. Falk is survived by three sisters, Mrs. Boughen, of Chicago, Mrs. Haberle, of Wisconsin, and Mrs. Joseph Arnold, of Chicago. A fourth sister, Mrs. John Gottlieb, died last June.

Miss Pavey's brother and family, Mr. and Mrs. William B. Pavey and son, William, 845 Lincoln avenue, Winnetka, were also visiting Miss Pavey in Frankfort, and returned today.

## CLIMB GRAND TETON

North Shore Girl in Party That Scales  
Most Dangerous and Difficult Peak  
in the United States

Mr. and Mrs. John R. Montgomery and their daughter, Marion, of Green Bay road, Hubbard Woods, have just returned from a month's trip with the Sierra club of California, spent camping and hiking through the Yellowstone.

Superintendent Albright of the park personally directed the laying out of a most comprehensive route by trails far off the tourist roads, many of them animal trails over mountain ranges and through dense forests.

Miss Marion Montgomery accompanied four other girls and seven men, the most expert mountain climbers of the Sierra club, on an expedition to the Teton Mountains, forty miles to the south of the boundaries of Yellowstone park. This party scaled the Grand Teton, rated the most dangerous and difficult peak to climb in the United States. Grand Teton is about 14,000 feet high, the summit consisting of almost perpendicular, jagged turrets and "chimneys." Only three other parties have succeeded in making the ascent to the summit. This fourth party, including Marion Montgomery, is the largest group to make a successful trip to the summit.

Several other mountain peaks within the boundaries of the park were climbed by the members of the hiking party, and interesting views were obtained of wild games; a herd of twenty elk on Mt. Hancock, and occasional moose, while brown and black bears, with a grizzly here and there, were as plentiful as squirrels.

During the last week of the tour of the club, Superintendent Albright left for Glacier park, taking thirty of his rangers to fight the most serious outbreak of forest fires ever known in Glacier. These fires were caused by lightning during frequent thunder storms. Glacier park was closed to tourists for several days until the most dangerous of the fires were under control. Yellowstone park, however, has been wholly free so far from forest fires during this season.

Miss Montgomery is now visiting at Lake Minnetonka, Minn., and will be home about September 1.
