## FAILING FURNITURE

Failing furniture is an obvious indication of a home going to seed.

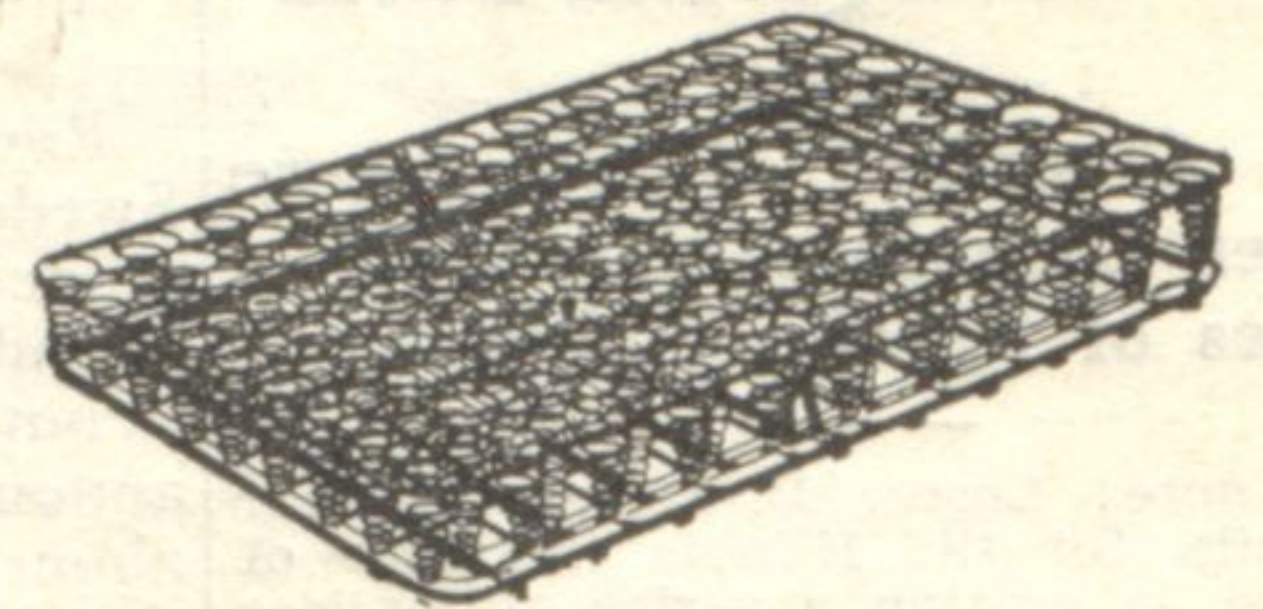

With the exception of such good, old, substantial pieces that you wish to keep because of their sentimental value, all failing furniture, all no-longer-welcome furniture, all behind-the-times pieces, should be exchanged for new, stylish, up-to-the-minute designs.

Through our Exchange Department Plan you can turn in, as part payment on NEW furniture, all such single pieces, or suites, that have overstayed their welcome, or are no longer wanted by the family, for whatever the reason may be.

All you have to do is to stop in, see whether we have in stock the exact kind of new furniture you want, see if our price and terms suit you, and if they do, then we will send our appraisal man to your home and he will tell you, to a dollar, just how much we can allow you for your used pieces.

It's a mighty fine plan—and our customers appreciate it.

Open Evenings, Thursday and Saturday,  
7:30 to 9:30
