

Request Program to Terminate Children's Concerts at Ravinia

Thursday, September 2, will be the last Children's concert day of the season at Ravinia, and as a special treat Eric DeLamarter is allowing the young people to choose their own program of musical numbers, to be played by the Chicago Symphony orchestra.

Any child who attends the concert, may send in a request for a favorite musical selection, by writing the name of the piece on a slip of paper and signing his or her name and age. The requests must be mailed to A. M. Lowrie, manager of Ravinia park, in time to reach him by Monday, August 30, it is explained.

This is to be the first half of the program and for the second half, John Dewar and his company will give a group of Scotch dances with bagpipe accompaniment, also Irish and English dances, gay, rollicking stately or inspiring as the music plays. Mr. Dewar has appeared before at Ravinia and always to a packed house and a most responsive audience.

The concert for this week was a particularly lovely one with Miss Helen Freund of the Ravinia opera as the star, assisted by the Academy Players of the Academy of Dramatic Education under the direction of Miss Bertha Iles, in the act first pantomime from Offenbach's "tales of Hoffman." Miss Freund sang the role of "Olympia" the doll which she did most charmingly.

Complete Addition to Filter Plant This Week

The addition to the filter basin at the municipal water and light plant has been completed, it was announced this week by Village Manager H. L. Woolhiser. The total cost is \$19,141, which is a saving of \$1,859 on the engineer's estimate. The construction was handled on a cost plus basis by H. A. White, formerly resident engineer for Pierce, Greeley and Hanson, engineers who built the original filter plant for the village. The job was completed ahead of schedule. The village now has approximately 900,000 gallons filtered water storage capacity at the plant. This improvement was in line with a carefully planned program to insure sufficient water supply for the village in the future.

Protest Sign on C. N. W. Willow Street Viaduct

Village Manager H. L. Woolhiser has written a letter to the Chicago and North Western railroad protesting against a sign which has been painted on the company's viaduct at Willow street. Some time ago the Chicago, North Shore and Milwaukee electric line painted a similar sign on its viaduct, which was removed upon protest by the Village officials. It is thought that the steam road will also comply with the request to remove its sign.

Injury in Auto Crash Fatal to Charles Hart

Charles Hart, 742 Elm street, died as the result of injuries which he received in an auto crash west of Wilmette two weeks ago when the car in which he was riding overturned in a ditch. The driver, Frank Michinard, of 948 Willow road, who was held under bond by the Wilmette police, was exonerated by the coroner's jury. The funeral was held at 5314 West Congress street, and Mr. Hart was buried at Mount Carmel cemetery on Friday morning.

Views of Village's Annual Winnetka Day Parade

In the above illustration are a few of the many beautifully decorated floats which featured the Winnetka day parade, of which there were more than one hundred and fifty in line, in addition to the large entry list in the children's parade. At the right is Bruce Karnes, with his decorated motor car

and trailer which won first prize in the children's parade. This is the car in which Bruce has been seen a great deal of late, upon the streets of Winnetka, in his pleasure of earning \$100 as a donation for the sick babies at the Daily News sanitarium. In the trailer attached to the car, is Bruce's little sister, Dorothy Jane. Bruce not

only displayed a marked artistic taste in his decorative scheme for this occasion, but also added much to the publicity of the splendid work in which he is engaged and at the same time gave one of the most pleasing features of the parade. Bruce is a son of Mr. and Mrs. George Karnes, of 151 Fuller lane, Winnetka.

Dies From Broken Neck Sustained in Diving at Beach

Frank Crowden 18 years of age, of Little Cloud, Neb., who has been visiting his mother at 950 Pleasant street, Oak Park, died at the Evanston hospital Wednesday, August 25, as a result of a fractured neck he sustained Sunday while swimming off the Glencoe beach.

He had come to Glencoe with a group of friends for a beach party. The group did not go into the water at the public bathing beach, but entered further up the shore. Mr. Crowden took a dive from the bank into shallow water, and fractured his neck.

He was taken immediately to the Evanston hospital where he died three days later.

The finding of the jury at the inquest was "accidental death." Mr. Crowden is survived by his mother, and a sister who lives in Nebraska.

Ray Iredale Returns with Health Improved

Ray Iredale, manager of the Winnetka Iredale Fireproof Warehouse company at 560 Center street, has returned to Winnetka after going to the Mayo Brothers, at Rochester, Minn., on account of illness.

Mr. Iredale says that he feels better, and is back on the job the same as ever. He plans to take it easy for a while, however, and not undo the help he received from his trip.

8 Ball—Side Pocket!

While away the long evenings this winter by chasing the elusive ivories over the green felt. Fore! On today's want ad page;

FOR SALE—POOL TABLE, 16 balls, 10 cues and rack. \$60. Phone Wilmette 1961.

New Trier Book Store to Open September 9

Announcement is made this week that the New Trier Book store, managed by David E. Johnson, instructor in the commercial courses at the school, will be open for business September 9, 10 and 11.

All students, especially freshmen, are urged to buy their books and supplies at the school store on those days in order to avoid the rush at the opening of school, which is September 13. Lists of books needed for every class will be found posted on the bulletin boards of the school, it is stated.

Police and Firemen All Spruced Up Winnetka Day

Perhaps you noticed the unusual spic and span condition of the uniforms of the Winnetka police and firemen in which they appeared in the Winnetka day parade last week. Not but what these Winnetka officials are always neat and tidy in appearance, but they had been especially groomed for the parade. A. W. Zengeler, cleaner, of 899 Linden avenue, Hubbard Woods, pressed and cleaned the uniforms for the boys, contributing this service as a part of his share towards the general success of the parade and picnic. For all of which the officers and firemen are correspondingly grateful.

Dr. Richards Will Return to Winnetka September 10

Word has been received from Rev. James Austin Richards, of the Winnetka Congregational church who has been vacationing in Maine, that he will be home September 10, and will preach on the following Sunday morning, September 12, at the 11 o'clock service. Mr. Richards will preach this Sunday at the State street church, in Portland, Maine. He has been east since the middle of July. The family left a month earlier. They have been at Bridgton, Maine, and will all return together.

CONFINED TO HOME

An ear infection has kept C. Arthur Gedge, of the Hill and Stone real estate office confined to his home, 1106 Elm street, the greater part of this week. He was able to be at the office a short time, Thursday, however, and hopes to be on full duty, soon.

Icemen Re-enter Illinois to Play on Football Team

Everett Nelson, of Wilmette, who piloted the prize-winning truck of the North Shore Ice company, in the Winnetka day parade, and Don Grimes, of Evanston, the young man whom you will recall having seen atop the truck on which was mounted the 300-pound cake of ice in which was encased a large bouquet of red roses, are leaving the employ of the North Shore Ice company, today to re-enter the University of Illinois.

Nelson is a senior and will resume his former position in the Illinois football team and Grimes will be Junior manager this year.

Nelson was a former room-mate of Red Grange, and is following the Grid Star's advice literally, both in regard to playing the game and in his vacation vocation. Both he and Grimes have easily gained distinction in the matter of one of Red's specialties, that of juggling huge cakes of ice and have even gone him one better in the winning of marked honors in the recent parade contest.

They have also been making good in Red's other specialty, that of starting on the football field, and are returning for another season's demonstration of their prowess, with best wishes for their continued success from a host of friends along the north shore.

Arrest Man on Charge of Embezzlement Thursday

Charges of embezzlement brought about the arrest of E. L. Constance, an employee of vacuum sweeper company, in Winnetka last Thursday. Constance, who lives at the Commodore hotel in Chicago, was charged with embezzling \$98 from the company, for which he is a north shore representative. He was arrested on a warrant sworn out by a special investigator for the company and was committed to the county jail after a hearing before Police Magistrate Clark T. Northrop, when he was unable to furnish \$500 bail.

SPECIAL COUNCIL MEETING

There will be a special meeting of the Village council Tuesday evening, August 31, it was announced this week. President John S. Miller has returned from his trip abroad and will be present at the meeting which is being held principally because there was no quorum present at the last regular meeting, held two weeks ago.
