

W. S. C. Inc.

# First -

First to introduce balloon tires and steel disc wheels to American highways.

First to introduce to American engineers the superior overhead valve and camshaft principle common to nearly all European fine cars and aeroplanes.

First—and still unapproached—in affecting those smart and rakish graces of line and design that distinguish the finer motor cars of England, France and Italy.

First, certainly, to unite power and beauty, speed and dependability in a vehicle that is not prohibitive in cost.

Wills Sainte Claire is now the lowest priced car in the fine car field.

### Dodge Sport Roadster Has Dashing Appearance

The new sport roadster with rumble seat which is now being displayed in the showrooms of Dodge Brothers dealers everywhere offers an unusual combination of beauty and service according to W. T. Wersted, local dealer.

The dashing appearance and smart rakish lines of this new addition to Dodge Brothers line will win the instant admiration of everyone who takes pride in a touch of individuality in the appearance of the car he drives.

There is a striking contrast between the tan colored top, the brilliant pheasant green lacquer of the body and hood and the lustrous black of the fenders and shields. The highly polished nickel of the bumpers, lamp rims, radiator shell, windshield stanchions and top bow trimming adds a distinctive touch.

The cushion and back of the rumble seat, like the front upholstery, are of hand buffed gray Spanish genuine leather, constructed over spring frames to insure maximum riding ease. The back is high and well pitched. The deck is so constructed that when the seat is folded the rear compartment is absolutely waterproof, even in the rainiest weather.

Exceptional space, easily accessible through a large covered opening behind the driver's seat, is provided for carrying golf clubs, tennis rackets, parcels or luggage.

### CHRISTIAN SCIENCE CHURCHES

"Mind" was the subject of the Lesson-Sermon in all Churches of Christ, Scientist, Sunday, August 22.

The Golden Text was from Isaiah 26:3, "Thou wilt keep him in perfect peace, whose mind is stayed on thee: because he trusteth in thee."

Among the citations which comprised the Lesson-Sermon was the following from the Bible: "O the depth of the riches both of the wisdom and knowledge of God! how unsearchable are his judgments, and his ways past finding out! For who hath known the mind of the Lord? or who hath been his counsellor? For of him, and through him, and to him, are all things: to whom be glory for ever" (Romans 11:33, 34, 36).

The Lesson-Sermon also included the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "Divine metaphysics, as revealed to spiritual understanding, shows clearly that all is Mind, and that Mind is God, omnipotence, omnipresence, omniscience,—that is, all power, all presence, all Science. Hence all is in reality the manifestation of Mind" (p. 275).
