

Franken Brothers

Deerfield, Illinois

WE HAVE AT OUR NURSERY A large display of numerous varieties of Hardy Phlox which are the pride of the garden the entire month of August.

We cordially invite you to visit us during their blooming season.

Telephone Deerfield 241.

Catalogue on request.

EVERY ROOM IS LIVEABLE

Thoughtful selection, years of experience, and painstaking care have been expended in order that comfort and convenience would be inbuilt into every room of The Georgian. The rooms are larger, the furnishings harmonious. Those little touches, so often omitted in order to save cost, have not been overlooked. They are all here and a few new ones in addition. Yet each apartment is individual. The furniture, the color and texture of the drapes, the wall paper, the pictures, the floor lamps and table lamps, all have been especially chosen for each apartment to give the air of distinguishing charm and personality.

Visit the model suite 522 Davis Street.

An Address of Distinction

Francis Marion Rich to Marry Minneapolis Girl

The marriage of Miss Mildred Buffington, daughter of George Wood Buffington of Minneapolis, to Francis Marion Rich, son of Mr. and Mrs. Ben C. Rich, 1409 Scott avenue, Winnetka, will occur Saturday, October 16, at 8:30 o'clock in the First Congregational church, Minneapolis.

Following the wedding a reception will be held at the University club in Minneapolis.

Miss Buffington attended the University of Minnesota one year and Smith college three years, graduating a year ago this June from Smith. While at Minnesota she was a member of Delta Gamma sorority. Mr. Rich was graduated from the University of Illinois in 1925, and is a member of Beta Theta Pi.

Chicago Commons Tots Enjoy Winnetka's Beach

Thirty-five children from the Chicago Commons spent a glorious day Wednesday picnicking on the beach, playing games and swimming. The group was taken from the Commons by counsellors, and met with cars at the station in Winnetka. Box lunches were prepared by members of the Linden avenue circle of Winnetka, who were sponsoring the picnic, and served to the children at noon. Miss Harriet Childs, 906 Oak street, and Miss Jeanette Flaherty, 817 Judson avenue, Evanston, had charge of the children during the entire day, and saw that they were safely put on the car to go back to the city at 5 o'clock.

Mr. and Mrs. Edwin E. Vail have sold their home at 310 Walnut street to Mr. and Mrs. Van Deurson of Deerfield, formerly of Winnetka. Mr. and Mrs. Vail have an apartment in Evanston.

New Chrysler '50' Given Reception by Motor Fans

The Chrysler Corporation announces today a new four cylinder motor car—the '50', at the lowest prices for which a Chrysler has ever been sold. Its three models—coupe, coach and four-door sedan—are priced at \$750, \$780 and \$830, f. o. b. Detroit.

Better riding comfort, greater roominess, a full sized car in which modern space engineering has been surprisingly utilized, easier handling, speed with comfort up to the car's maximum, the economy of 25 miles per gallon of gasoline—these and other features, notably the apparent great value built into the car, are expected by the Chrysler organization to make the new car an immediate outstanding success in the small car field.

The car is now on display at the Evanston Motor Sales company, local Chrysler dealer. Announcement of the new '50', marks the fourth and final step in Walter P. Chrysler's gigantic Quality Standardization plan of building four quality cars to supply the four greatest motor car markets—under one name, by one manufacturing organization, engineered by the same group of men to one quality standard, built in one group of plants, and economically marketed by one unified distributing organization.

Prices of the car indicate strongly the tremendous advantages of group manufacture under Mr. Chrysler's Quality Standardization plan, with its practical advantages of low-cost production of each Chrysler model.

The new car is being built in the company's Highland Park plant, where the '60' is also manufactured. Special facilities for its manufacture, including extensive new buildings and equipment, have been provided under a construction program that was started last December.

Last Call for August Prices

FURS

Repairing and Remodeling

These prices are in effect for this month only and it is the part of wisdom to take advantage of them. Aside from the fact that they mean money in your pocket, we have more time now to give to those small details which mean so much in style and wearing qualities.

Furs
Made To Order

Incidentally we will gladly store your furs—free of charge—until you need them.
