MRS. H. HOLLAND, 679 Hill Road, Winnetka, has found a solution to the servant problem.

A few days ago she found herself in need of help and inserted in this paper the classified advertisement which appears above.

Answers began coming as soon as the "want ad" appeared. A total of 35 replies was reported by Mrs. Holland. She didn't just find help—she selected it!

And the cost of the advertisement was fifty cents.
