## High Grade Sheets and Cases in A Sale

Woven for one of the country's leading lines, but slight imperfections cause them to be marketed under another label and are responsible for their low prices.

These sheets and pillow cases are from one of America's most famous manufacturers, but because the system of inspection is so very rigid, none but absolutely perfect merchandise is allowed to bear the regular, nationally-known label. A slight machine stain is enough to disqualify an otherwise fine sheet—a pulled thread or a slightly imperfect hem,

and the merchandise is laid aside for re-classification. Many mills would hesitate to class this merchandise as "imperfect," for it contains no holes—not the slightest defect that would impair its serviceability. We have been favored with the sole selling privilege of these greatly desired sheets and cases, and feel we are offering a real service in providing such sensible opportunity for economy.

*Remember that the same sheet or pillow slip under the regular label would cost you considerably more. It is placed on sale now under the "Cohasset" ticket, and we have been fortunate enough to secure a generous allotment for this event.*
