EVERY time you use your Greater Hoover, you will appreciate more keenly why it saves rug wear. "Positive Agitation"—a new and revolutionary cleaning principle—removes in a most amazing way the destructive, deeply-embedded dirt, the sharp grit that cuts the rug fibres. This New Hoover model is 131% more efficient in ordinary cleaning time than any previous model. Yet we offer it on the same general terms. Phone for one.

LEE Says:

Have Your Doctor
Phone or Leave
Your Prescription
With Us.

MAYBE you've heard ABOUT the old colored LADY who called her LITTLE boy "Prescription" BECAUSE she said it TOOK so long to GET him filled! THERE'S one thing CERTAIN about that LADY, though—she ISN'T a customer of THIS store, otherwise SHE would know that HER boy's name wouldn't BE appropriate. IT doesn't take long to GET prescriptions filled HERE because there are THREE registered PHARMACISTS in the store, AND every hour of the DAY one or all of THEM are here to take CARE of your prescription REQUIREMENTS—NO long waits, and YOU'RE always sure of ACCURACY.
