Seattle to Be Scene of Realty Convention

Seattle, Wash., has been chosen as the place of holding the next annual convention of the National Association of Real Estate boards. Date of the convention has tentatively been set for August 9-12, inclusive.

Date of the annual business meeting of the association, which will be held in Miami, Fla., was placed as January 12, 13 and 14.

Choice of a convention city was made by the directors of the association at their quarterly meeting just held in Chicago. The August date is a departure from the association's practice of some years to hold its annual convention in June.

The change was made with the idea that an August meeting would be favorable to the business plans of the largest proportion of the membership, and with the further idea that it would be advisable to decrease the present half-year's over-lapping between the period of election of officers for any year and the period of their taking office.
